

FOOD STALLS & TRADING

DOCUMENT NO: EHS 006

INTRODUCTION

This information sheet outlines the requirements for trading in public places such as stallholders and mobile street traders.

WHAT REGULATIONS SET CONTROLS FOR STALLHOLDERS AND TRADING IN PUBLIC PLACES?

The City of Karratha's *Activities in Thoroughfares and Public Places and Trading Local Law 2017* regulates activities in public places such as operating a fixed stall or mobile street trading (i.e., ice cream van). These local laws apply to many types of activities such as food stalls, sale of goods and promotional displays conducted in a public place.

The City of Karratha has also implemented Policy DR05 Stallholder and Street Trading Policy. If you are considering conducting either a temporary or a regular stall, please refer to this policy prior to making any application to City's Environmental Health Service. The policy is available via the following link – [DR05 Stallholder and Street Trading.pdf \(karratha.wa.gov.au\)](#)

A Public place includes any thoroughfare or place, which the public are allowed to use, whether or not the thoroughfare or place is on private property. This includes carparks or other outdoor areas which the general public has access to (not within a building).

For individual stalls or street traders, an approval must be sought e.g. a sausage sizzle. If a larger event is planned (e.g. FeNaCING), the event organizer (Trader) may apply for a single "umbrella" approval to cover all the stalls at the event. Approved traders will assume the responsibility and the compliance management of all the activities under this approval. If a trader's permit has been approved for an event, individual stallholders who form part of the activity do not need separate stallholder's permits for the duration of the event.

Most applications for stallholders are for temporary food stalls. The City of Karratha has published guidelines on the operations of temporary food premises. Stallholder approvals for temporary food premises are subject to compliance with these guidelines.

DO I NEED OTHER APPROVALS?

You will also require separate approvals for the consumption of liquor on the site from the Department of Local Government, Sport and Cultural Industries (previously Racing Gaming and Liquor) should alcohol be sold or provided.

An approval for a temporary Public Building will also be required for larger events where the public has access.

Applications for approvals for Public Buildings can be directed to the City of Karratha's Environmental Health Service.

HOW DO I APPLY FOR AN APPROVAL?

An application for a stallholder permit is to be completed and submitted to the City of Karratha with the appropriate fee (if applicable). Supporting documentation may be required such as public liability insurance certificate of currency, permission from the landowner or the controlling agent of the land, engineering certification of equipment (rides) and a site diagram.

Applications for activities on Council controlled land may require Council approval. Council meets every month to decide on such issues. Implications are considered from the development such as car parking, public nuisance and amenity are considered with such applications.

HOW LONG DOES THE APPROVAL PROCESS TAKE?

Generally, within one week for a standard application and up to six weeks if the Council has to decide the application.

WHAT TIME RESTRICTIONS ARE THESE APPROVALS FOR?

Approvals are valid for a period of between one day and one year depending on the length of time applied for and the conditions of approval. An approval does not give the applicant any tenure on the site as this is at the discretion of the landowner or controlling agency for the property.

DOES THE CITY OF KARRATHA HAVE DESIGNATED STALLHOLDER TRADING AREAS?

Yes. Please refer to the City's Stallholder and Street Trading Policy for guidance and information - [DR05 Stallholder and Street Trading.pdf \(karratha.wa.gov.au\)](#) . Site bookings can be made by calling 9186 8569.

IF MY APPLICATION IS APPROVED, IS THE AREA I NOMINATE "MY SPOT"?

No. There is no tenure on the site and no greater right of access to the site than any other stallholder. Trading spots at approved locations are allocated on a monthly roster.

WHAT OTHER RESTRICTIONS SHOULD I BE AWARE OF?

Trading within the Karratha CBD requires the permission of the landowner. Traders should be aware that trading in the CBD is limited to one hour per day.

Stallholders may not conduct their business within 100m of any shop or permanent place of business that is open for business and has for sale any goods of the kind being offered for sale by the stallholder or trader. You are strongly advised to read and understand the provisions of the [local law](#) and the City's policy [DR05 Stallholder and Street Trading Jul21.pdf \(karratha.wa.gov.au\)](#) before you intend to trade.

HOW MUCH DOES IT COST FOR A STALLHOLDER PERMIT?

Council reviews and adopts a schedule of fees and charges for stall and street trader applications at the start of each financial year. The latest schedule of Fees and Charges can be found on the City's website.

There is no charge for permits for not-for-personal-profit community group activities, one-off fundraisers for community groups or charitable associations, or for sporting groups that are fundraising. These exemptions of fees do not apply to groups who undertake intensive (i.e. multiple) stall holding activities or to individuals.

FINES AND PENALTIES

Fines up to \$5000 can be issued for prosecutions resulting from non-compliance with the City of Karratha's [*Activities in Thoroughfares and Public Places and Trading Local Law*](#). Infringements can be between \$100 and \$300 depending on the offence.

ADDITIONAL INFORMATION

If you would like additional information on food stalls and trading, please contact:
