## DECLARATION OF INTERESTS (NOTES FOR YOUR GUIDANCE) (updated 13 March 2000)

A member who has a **Financial Interest** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest:

- (a) In a written notice given to the Chief Executive Officer before the Meeting or;
- (b) At the Meeting, immediately before the matter is discussed.

A member, who makes a disclosure in respect to an interest, must not:

- (c) Preside at the part of the Meeting, relating to the matter or;
- (d) Participate in, or be present during any discussion or decision-making procedure relative to the matter, unless to the extent that the disclosing member is allowed to do so under Section 5.68 or Section 5.69 of the *Local Government Act 1995*.

### NOTES ON FINANCIAL INTEREST (FOR YOUR GUIDANCE)

The following notes are a basic guide for Councillors when they are considering whether they have a **Financial Interest** in a matter. I intend to include these notes in each agenda for the time being so that Councillors may refresh their memory.

1. A Financial Interest requiring disclosure occurs when a Council decision might advantageously or detrimentally affect the Councillor or a person closely associated with the Councillor and is capable of being measure in money terms. There are exceptions in the *Local Government Act 1995* but they should not be relied on without advice, unless the situation is very clear.
2. If a Councillor is a member of an Association (which is a Body Corporate) with not less than 10 members i.e. sporting, social, religious etc), and the Councillor is not a holder of office of profit or a guarantor, and has not leased land to or from the club, i.e., if the Councillor is an ordinary member of the Association, the Councillor has a common and not a financial interest in any matter to that Association.
3. If an interest is shared in common with a significant number of electors or ratepayers, then the obligation to disclose that interest does not arise. Each case needs to be considered.
4. If in doubt declare.
5. As stated in (b) above, if written notice disclosing the interest has not been given to the Chief Executive Officer before the meeting, then it **MUST** be given when the matter arises in the Agenda, and immediately before the matter is discussed.
6. Ordinarily the disclosing Councillor must leave the meeting room before discussion commences. The **only** exceptions are:
  - 6.1 Where the Councillor discloses the **extent** of the interest, and Council carries a motion under s.5.68(1)(b)(ii) or the *Local Government Act*; or
  - 6.2 Where the Minister allows the Councillor to participate under s5.69 (3) of the *Local Government Act*, with or without conditions.

### INTERESTS AFFECTING IMPARTIALITY

**DEFINITION:** *An interest that would give rise to a reasonable belief that the impartiality of the person having the interest would be adversely affected, but does not include an interest as referred to in Section 5.60 of the 'Act'.*

A member who has an **Interest Affecting Impartiality** in any matter to be discussed at a Council or Committee Meeting, which will be attended by the member, must disclose the nature of the interest;

- (a) in a written notice given to the Chief Executive Officer before the Meeting; or
- (b) at the Meeting, immediately before the matter is discussed.

### IMPACT OF AN IMPARTIALITY CLOSURE

There are very different outcomes resulting from disclosing an interest affecting impartiality compared to that of a financial interest. With the declaration of a financial interest, an elected member leaves the room and does not vote.

With the declaration of this new type of interest, the elected member stays in the room, participates in the debate and votes. In effect then, following disclosure of an interest affecting impartiality, the member's involvement in the Meeting continues as if no interest existed.

This year, a minor review of Council's budget was conducted by City Officers in November 2022. Budget modifications have been recommended to forecast the most likely financial outcomes. **PURPOSE**

To provide Council with an update on performance against the Operational Plan 2022-23 for Quarter 1 (July 2022 – 30 September 2022).

**BACKGROUND**

There are four strategic themes in the Strategic Community Plan 2020-2030, which are delivered through 151 Programs and Services outlined in the Corporate Business Plan. These are in turn delivered through 304 ongoing projects and actions, which are measured by 101 performance measures that are introduced at periodic intervals throughout the year as certain triggers are reached.

Each theme outlines a set of programs delivered through a number of projects and services as follows:

<b>Strategic Theme</b>	<b>Programs &amp; Services</b>	<b>Projects &amp; Actions</b>	<b>Performance Measures</b>
 Our Community	53	130	37
 Our Economy	20	59	16
 Our Natural & Built Environment	38	50	14
 Our Leadership	40	65	34
<b>TOTAL</b>	<b>151</b>	<b>304</b>	<b>101</b>

One of the processes supporting the Integrated Strategic Planning (ISP) Framework is quarterly reporting against the performance measures to monitor performance and respond to changing priorities.

A snapshot of the overall performance during Quarter 1 is included in this report. It uses a traffic light system to represent the following benchmarks:

	Attention Required	Below the lower tolerance applied to the KPI.
	Within Tolerance	Between the target and lower tolerance applied to the KPI.
	On Target	Either on or above target.

### Quarter 1 Performance Measures

Out of a total 101 performance measures established for the year, 31 KPIs are measured this quarter.

The results for Quarter 1 are indicated below:

### 'On Target' or 'Within Tolerance' outcomes for Q1

25 (80.6%) of the Quarter 1 performance measures exceeded the target or were within tolerance levels, including:

Measure	Q1 Target	Q1 Actual	This time last year	Comments
<b>Our Community</b>				
1.a.1.7.a Maintain total attendance at Karratha Leisureplex, Wickham Recreation Precinct and Aquatic Centre and Roebourne Aquatic Centre	134,205	146,213	130,240	KLP had a strong attendance for the quarter attributable towards sporting finals for netball, scrimmage, water polo and swim club activities. 1.d.1.1.d Number of REAP visitations	11,400	14,822	14,694	Increased number of live shows this quarter due to shows having been delayed by the COVID pandemic. Movie patronage increased from previous quarter.
1.d.1.6.a Inspect 33 public health premises per month	99	123	50	This is the first quarter since September 2019 where the number of inspections has exceeded target owing to staffing.
<b>Our Economy</b>				
2.a.2.2.a Number of tourists visiting the Karratha Tourism and Visitors Centre (KTVC)	10,000	14,451	-	Q1 saw visitors continuing holidays north prior to the hot weather. Visitor numbers were still strong which could be attributed to the further easing of COVID travel restrictions in and out of WA.
2.c.1.1.a Supply of undeveloped residential zoned land that can be subdivided/developed	300 Ha	352.4 Ha	376.8 Ha	Roebourne and Wickham account for about 14% (50 Ha) each of future residential land supply. The balance of Madigan Estate and Mulataga account for nearly 65% (228ha) of future land supply.
<b>Our Leadership</b>				
4.a.2.3.b Reduce number of lost time injuries (LTIFR)	9.7	8.0	0.0	Only one (foot) injury recorded for period.

'Attention Required' outcomes for Q1

6 (19.4%) of the Quarter 1 performance measures require attention. The table below highlights the areas of attention:

Measure		Shortfall in Performance			Comments/Corrective Action
		Q1 Target	Q1 Actual	This time last year	
	Our Community				
	1.a.1.7.g Maintain or improve attendances at the Karratha Indoor Play Centre	5,957 patrons	5,165 patrons	-	Cooler months of July and August are quieter as patrons tend to choose outdoor activities. Laser tag parties currently on hold while equipment is being repaired.
	1.c.1.3.d Number of visits recorded at City libraries	38,000 patrons	29,991 patrons	33,426 patrons	Technical issues with people counters at all four library sites contributed to a lower count result.

Measure	Shortfall in Performance			Comments/Corrective Action
	Q1 Target	Q1 Actual	This time last year	
				Borrowings down this quarter compared to this time last year.
<b>Our Economy</b>				
2.b.1.2.a Percentage of dollar spend paid to local businesses	50%	36%	68%	\$7.2M paid to local suppliers with this period traditionally outlaying external payments for licence renewals, insurances, subscriptions, tax office, ESL payments.
<b>Our Leadership</b>				
4.c.1.4.a Collect payment from all invoices within Council's terms of trade of 40 days (excluding grants, contributions, donations and sponsorship)	85%	65.3%	82.8%	Overdue invoices are routinely followed up by Finance. Unpaid Q1 invoices comprise: Sundry invoices = 110 (51.9%) across 110 debtors Interest charges = 102 (48.1%) across 102 debtors
4.c.1.4.b Ensure supplier invoices are paid within Terms of Trade	90%	44%	86.7%	New software was introduced this quarter across the organisation - there are a lot of approvals required from requisitions to purchase orders and actual invoices that delays the process within the standard payment terms. This % will gradually improve once staff are accustomed to the new workflows.
4.e.1.1.e Assess all planning applications within the statutory timeframes	100%	92.1%	94.8%	38 development applications determined for the period. Average processing timeframe of less than 34 days. Three development applications determined outside statutory timeframe: two dealing with compliance issues in the KIE; and one dealing with a solid front fence for a front yard pool in a residential area.

As part of the review of the quarterly KPIs it has been identified that “*KPI 3.c.1.1.c Divert Household Hazardous Waste (HHW) from landfill via HHW Program*” has a quarterly target that is not realistic or achievable. As the result last year was 20,100kgs which equates to 5,025kgs/quarter it is proposed that this target be reset from 7,000kgs to 5,000kgs with a  $\pm 15\%$  tolerance, which is considered more realistic and acceptable standard.

#### LEVEL OF SIGNIFICANCE

In accordance with Council Policy CG-8 *Significant Decision Making Policy*, this matter is considered to be of high significance in terms of Council's ability to perform its role.

#### STATUTORY IMPLICATIONS

Section 5.56(1) of the *Local Government Act 1995*, and Regulations 19CA, 19C and 19DA of the *Local Government (Administration) Regulations 1996* establish requirements for Strategic Community Plans and Corporate Business Plans.

### PURPOSE

For Council to consider providing feedback regarding the WA Local Government Association's (WALGA) governance model options based on principles endorsed by the members of WALGA at its 2022 AGM.

### BACKGROUND

WALGA's Corporate Strategy 2020-25 identifies a key strategic priority to undertake a Best Practice Governance Review. The objective of the review is to ensure WALGA's governance and engagement models are contemporary, agile, and maximise engagement with members.

In March 2022, State Council commissioned the Best Practice Governance Review (BPGR) and established a Steering Committee to guide the Review.

Key outputs from the BPGR Steering Committee meetings included:

- Agreement on five comparator organisations – Australian Medical Association (AMA) WA, Chamber of Commerce and Industry (CCI) WA, Chamber of Minerals and Energy (CME), Australian Hotels Association (AHA) WA and the Pharmacy Guild (PG);
- Review of governance models of Local Government Associations in other Australian States and Territories, and New Zealand;
- Drafting of Governance Principles that will underpin future governance models; and
- Finalisation of governance principles and principle components across the domains of: Representative, Responsive and Results Oriented.

The principles were endorsed at the WALGA AGM on 3 October 2022.

Five governance model options are now presented for council's to consider including the current model. WALGA is seeking feedback by 23 December 2022 before being presented to State Council in March 2023.

The options are summarised below:

Option 1 – Two tier model, existing Zones	Option 2 – Board, Regional Bodies	Option 3 – Board, Amalgamated Zones	Option 4 – Member elected Board, Regional Groups	Option 5 – Current Model
 Board (11 members) 8 elected from Policy Council, incl. Board elected President Up to 3 independents	 Board (11 members) 8 elected from Regional Bodies, incl. Board elected President Up to 3 independents	 Board (15 members) 12 elected from Zones, incl. Board elected President Up to 2 independents	 Board (11 members) 8 elected via direct election, incl. Board elected President Up to 3 independents	 State Council (25 members) 24 State Councillors 1 President
 Policy Council (25 members) 24 members plus President	 Regional Bodies (4 metro, 4 country)	 Zones (6 metro, 6 country)	 Policy Teams / Forums / Committees	 Zones (5 metro, 12 country)
 Zones (5 metro, 12 country)	 Policy Teams / Forums / Committees	 Policy Teams / Forums / Committees	 Regional Groups	 Policy Teams / Forums / Committees

WALGA has assessed the alignment of each option to the Governance Principles with the following results:

	Option 1	Option 2	Option 3	Option 4	Option 5
<b>Representative</b>	4	3.5	3	3	3
<b>Responsive</b>	2.5	3	3	3	2
<b>Results Oriented</b>	2.5	2.5	2.5	2.5	2
<b>Total Score</b>	9 (90%)	9 (90%)	8.5 (85%)	8.5 (85%)	7 (70%)

## DISCUSSION

### Option 1 – Two tier model, existing zones

Current State Council Membership of 25 persons would be dissolved and a Board of 11 representatives elected. A Policy Council is proposed to be established comprising of 25 members (12 metro reps + 12 country reps + Board President). WALGA zones would be retained.

This option aligns to 90% of the governance principles. The Agility and Focus components of the Governance Principles are only partially aligned.

### Option 2 – Board, Regional Bodies

Eight regional bodies are formed to replace the existing Zone structure. The regional bodies comprise 4 metro + 4 country bodies. The country bodies comprise Mining and Pastoral, Agriculture, Peel/South-West/Great Southern; and Regional Capitals where local governments can nominate which body they wish to align with.

Board membership limited to 11 (down from the State Council membership of 25).

This option aligns to 90% of the governance principles. The Size and Focus components of the Governance Principles are only partially aligned.

### Option 3 – Board, amalgamated zones

The number of Zones are reduced from 5 metro and 12 country zones to 6 metro and 6 country zones. 12 members elected from the zones to be members of the Board + president and independents (max 15 members).

This option aligns to 85% of the governance principles. The Composition, Size and Focus components of the Governance Principles are only partially aligned.

Option 4 – Member elected Board, Regional Groups

Board membership capped at 11 members (down from 25 in the State Council). 8 members are directly elected. Board elects President and up to 3 independents.

Regional groups to be established, i.e. regional capitals, VROCs, CEO group, existing zones, etc.

This option aligns to 85% of the governance principles. The Composition, Size and Focus components of the Governance Principles are only partially aligned.

Option 5 – Current Model

Retain 5 metro and 12 country zones with membership of 12 metro and 12 country + President forming State Council (composition = 25).

This option aligns to 70% of the governance principles. The Size, Diversity, Timely Decision Making, Agility, Focus and Value Added Decision Making components of the Governance Principles are only partially aligned.

Option 5 appears to be too top heavy with a State Council that could be reduced in size with greater support from smaller representative bodies from across the regions.

Option 2 is considered to be the best option for the City with a more streamlined Board, even distribution of metro and country representatives and improved alignment to the agreed governance principles set by the 2022 AGM.

**LEVEL OF SIGNIFICANCE**

In accordance with Council policy CG-8 Significant Decision Making policy, this matter is considered to be of low significance in terms of Council's ability to perform its role.

**STATUTORY IMPLICATIONS**

There are no statutory implications.

**COUNCILLOR/OFFICER CONSULTATION**

Council's representatives on the WALGA Board and Pilbara Zone have been briefed on this matter by WALGA.

**COMMUNITY CONSULTATION**

No community consultation is required.

**POLICY IMPLICATIONS**

There are no policy implications.

**FINANCIAL IMPLICATIONS**

There are no financial implications.

**STRATEGIC IMPLICATIONS**

There are no strategic implications.

**RISK MANAGEMENT CONSIDERATIONS**

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	N/A	Nil
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	N/A	Nil
Compliance	N/A	Nil

**IMPACT ON CAPACITY**

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

**RELEVANT PRECEDENTS**

There are no relevant precedents related to this matter.

**VOTING REQUIREMENTS**

Simple Majority.

**OPTIONS:**Option 1

As per Officer's recommendation.

Option 2

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* DEFER consideration on this matter pending more information.

Option 3

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* DECLINE to provide any further consideration on this matter.

**CONCLUSION**

WALGA is seeking feedback from local governments regarding Governance model options with the intention of ensuring that WALGA's governance and engagement models are contemporary, agile, and maximise engagement with members.

There are five options, of which Option 2 (Board with Regional Bodies) is considered to be the best option for the City with a more streamlined Board, even distribution of metro and country representatives and improved alignment to the agreed governance principles set by the 2022 WALGA AGM.

**OFFICER'S RECOMMENDATION**

That Council by SIMPLE Majority pursuant to Section 3.18 of the *Local Government Act 1995* ENDORSE the following order of preference for the Governance models proposed as part of the WALGA Best Practice Review:

1. Preferred Model: Option 2 – Board, Regional Bodies;
2. Second preference: Option 1 – Two tier model, existing zones;
3. Third preference: Option 4 – Member elected board, regional groups;
4. Fourth preference: Option 3 – Board, amalgamated zones; and
5. Fifth preference: Option 5 – Current model.

### PURPOSE

For Council to consider feedback and options associated with the Ward and Representation Review and determine a recommendation for consideration by the Local Government Advisory Board.

### BACKGROUND

Every eight (8) years, Council is to review its wards and elector representation in accordance with Schedule 2.2 of the *Local Government Act 1995* (the **Act**).

The statutory review process requires the following:

- Council resolves to undertake the review and seek public submissions;
- Public submission shall be open for a minimum 6 week period and an information statement shall be available for the public to consider and respond to;
- After the public submission period closes Council is to consider all submissions and relevant factors, and put forward a recommendation to the Local Government Advisory Board (**LGAB**) for consideration;
- The LGAB shall review and put forward a recommendation to the Minister for Local Government (the **Minister**);
- Any changes approved by the Minister will be subsequently listed for Governor's Orders and gazettal. Changes will be implemented for the 2023 ordinary election.

The ward and representation review is required to consider the following factors:

- Community of interest;
- Physical and topographical features;
- Demographic trends;
- Economic factors; and
- Ratio of Councillors to electors in the various wards.

### DISCUSSION

Each factor is briefly discussed below:

#### *Community of interest*

The existing ward structures are strongly linked to the 'community of interest' principle. The ward structure recognises that while we are one District, we have distinct townships that have differing needs and wants. Other than having a 'no wards' system, there are very few logical other methods of division of Councillors on a community of interest basis.

*Physical and Topographical features*

This principle is not specifically addressed in the current ward structure. Significant features of the district such as train lines, creek lines, suburb boundaries, major roads, etc. could possibly be used as boundaries for wards but officers consider that this would not create appropriate ward boundaries.

*Demographic Trends*

Demographic trends for the City over the last decade have shown a predominance of growth in the Karratha Ward. Population growth is expected in all wards over the next decade as the City aspires to be “Australia’s most liveable regional city” but the vast majority of population growth is expected in Karratha Ward.

*Economic Factors*

Given the dominance of mining, port and construction activity in the local economy, economic factors are not considered to be a particularly useful device for appropriately dividing the district into wards.

*Ratio of Councillors to Electors in the various wards.*

Elector ratios are a key factor considered by the LGAB and in the City’s case will become increasingly important should the Council maintain a preference to retain a ward system. With a relatively stable elector number residing outside of Karratha and the Karratha Ward increasing gradually each year, this will exert more pressure over time to justify maintaining a ward system.

The LGAB’s stated preference is that the Councillor to Elector ratio for each ward should not vary by more than  $\pm 10\%$ . This preference is on the basis that each ward Councillor should be responsible for, and voted in by, roughly the same number of electors. As the table below illustrates, the City’s current ward structure does not meet this guideline with deviations ranging from -10.9% to 29.3%.

*Table 1 - Current Ward Status*

Ward	Total Population <sup>1</sup>	Electors <sup>2</sup>	Councillors	% Electors per Ward Population	Councillor / Elector Ratio	%Ratio Deviation
Dampier	1,275	775	1	60.8%	1:775	29.3 %
Karratha	17,018	9,732	8	57.2%	1:1,216	-10.9 %
Wickham/Point Samson/ Roebourne/Cossack/ Pastoral	3,891	1,555	2	40.0%	1:777	29.1 %
<b>TOTALS</b>	<b>22,184</b>	<b>12,062</b>	<b>11</b>		<b>AVE = 1,096</b>	

The data indicates that, using the  $\pm 10\%$  ratio, Karratha is under represented and the other two wards are significantly over represented. Given that 81% of voters reside in Karratha, any ward structure that aims to meet the  $\pm 10\%$  ratio will invariably result in a predominance of Karratha based ward Councillors.

Currently with 11 seats on Council each seat should be representing 1,096 electors. With the Minister’s mandate to reduce council seats to a maximum of 9, with 9 elected members (including the directly elected mayor), the eight (8) remaining ward councillors would be representing approximately 1,508 electors each ( $\pm 10\%$ ). On this basis Dampier Ward is not a viable option with only 51% of the electors required to hold one seat.

### Ward Names

Feedback has been received from government agencies regarding the need to reduce the length of ward names to enable a better fit on electoral databases, City rating records and state department documents. Given that the Wickham-Point Samson-Roebourne-Cossack-Pastoral Ward is 52 characters long it has been proposed that the current names be changed as reflected in each option.

### **THE OPTIONS**

Six options contained in the Discussion Paper were put to the public for comment that included variations to ward boundaries and councillor representations. New options were also invited.

Only one public submission was received which is addressed in the Community Consultation section of this report.

Shortly after the submission period commencing in late September 2022, the Minister wrote to all local governments in WA regarding a Bill to be introduced to Parliament in early 2023 to amend the Act to require inter alia a reduction in the number of elected members at the City by at least 2 seats and mandating a directly elected Mayor.

<sup>3</sup> Data compiled from *The Western Australian Local Government Directory 2022*

The Minister required that each Council choose either a ‘voluntary pathway’ or a ‘reform election pathway’. These options were considered by Council at the October 2022 Ordinary Council Meeting and Council resolved to proceed with the Voluntary Pathway in order to be able to retain wards (if so desired), avoid a full spill of Councillors at the next election, and effect the required reduction in Council offices over the next two elections.

With the maximum number of elected members being limited to 9 and the exclusion of the directly elected Mayor from the ratios, Option 5 has been revised and a new option 7 included to recognise 8 ward councillors in addition to the Mayor.

*Table 3 - Ward Boundary Options*

Option	Description	Ward Names	Councillor Seats (excludes Mayor)	% Elector Ratio Deviation

		East Ward	1	-3.1
		<b>Total</b>	<b>8</b>	

Each Option was rated in the Discussion Paper and took into consideration each of the LGAB’s factors. The Table below also identifies whether each option meets the Minister’s mandates.

Option 1 – Status Quo – Three (3) Wards – Eleven (11) councillors

This option does not meet the accepted deviation of councillor to elector ratio or the Minister's maximum number of councillor representatives.

Option 2 – Three (3) Wards – Nine (9) councillors

This option does not meet the accepted deviation of councillor to elector ratio. The model also proposes nine (9) councillors representing wards instead of eight (8) councillors plus the role of the Mayor.

Option 3 – No Ward System – Eight (8) councillors plus the Mayor

This option satisfactorily meets all of the five factors of the LGAB.

Option 4 – Two (2) Wards – Eleven (11) councillors

This option exceeds the Minister's maximum number of councillor representatives.

Option 5 (Revised) – Two (2) Wards – Eight (8) councillors plus the Mayor

This option does not meet the accepted deviation of councillor to elector ratio in one Ward.

Option 6 - Two (2) Wards – Nine (9) councillors

This option does not meet the accepted deviation of councillor to elector ratio. The model also proposes nine (9) councillors representing wards instead of eight (8) councillors plus the role of the Mayor.

New Option 7 – Two (2) Wards – Eight (8) councillors plus the Mayor

This option satisfactorily meets all of the five factors of the LGAB.

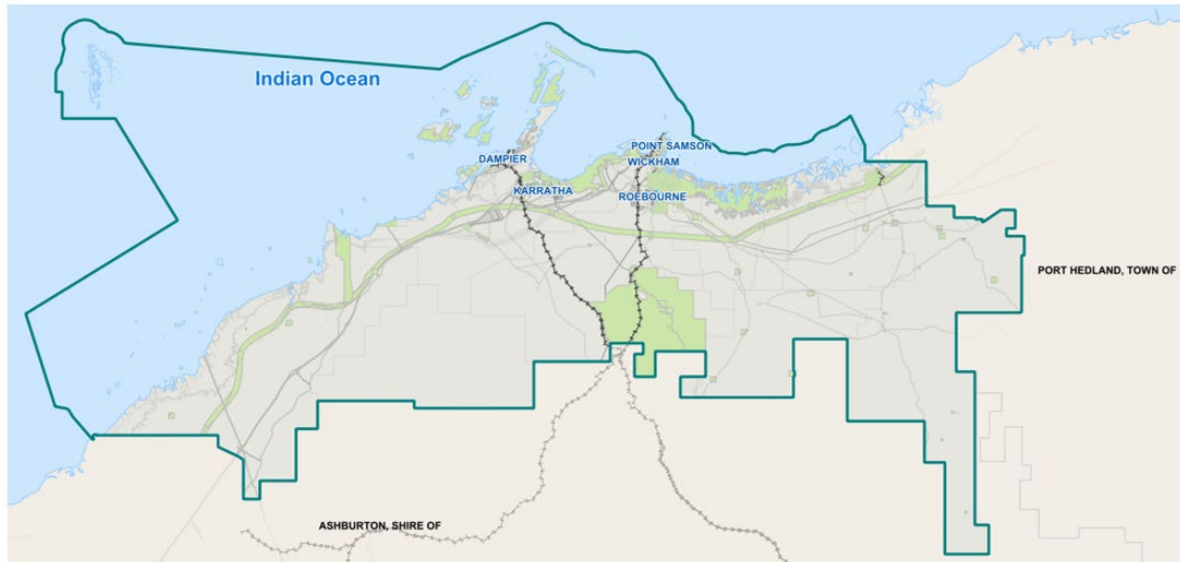

Council has successfully advocated in past reviews that the other factors (particularly the community of interest factor) outweigh the need for equal voter representation by Councillors – however with the new Bill proposed to amend the Act, this is less likely to be supported by the Minister. Options 1 and 4 will not be supported by the LGAB or by the Minister due to Council offices exceeding the maximum permitted under the proposed amendments.

Officers are of the view that Option 3 (No Wards) and Option 7 (Two Wards) are the only options guaranteed of being approved by the Minister. Options 2, 5 and 6 are less likely to be supported due to elector ratios exceeding the  $\pm 10\%$  tolerance.

### Option 3 - No Wards System

Option 3 is a no wards system that addresses all of the matters that need to be considered in the review. With this system there is a view that ‘community of interest’ could be lost without councillors from each town, however under the Act councillors are elected to ‘represent the interests of electors, ratepayers and residents *of the district*’ not individual wards. The elector ratio is irrelevant under this option.

Figure 1 - Option 3 - No Wards - Karratha District – 8 Seats + Mayor

Ward	Total Population	Electors	Councillors	% Electors per Ward Population	Councillor /Elector Ratio	% Ratio Deviation
Karratha District	22,184	12,062	8	54%	1:1,508	0%

### Option 7 (New) - Two Wards System

The new Option 7 proposes that the West Ward (Dampier and Karratha) is allocated 7 seats and 1 seat is allocated to the East Ward (Wickham/Point Samson/Roeboorne/Cossack/Pastoral). This will even out the ratios as they currently stand to comply with all LGAB factors and the Minister's Council size mandate. The eight (8) ward councillors plus a directly elected Mayor will result in a council size of nine (9) members.

*Figure 2 - Option 7 - Two Ward System - 8 Seats + Mayor – West Ward and East Ward*

Ward	Total Population	Electors	Councillors	% Electors per Ward Population	Councillor /Elector Ratio	% Ratio Deviation
West Ward	18,293	10,507	7	57.4 %	1:1,501	0.4 %
East Ward	3,891	1,555	1	40.0 %	1:1,555	-3.1 %
TOTALS	22,184	12,062	8		AVE = 1,508	

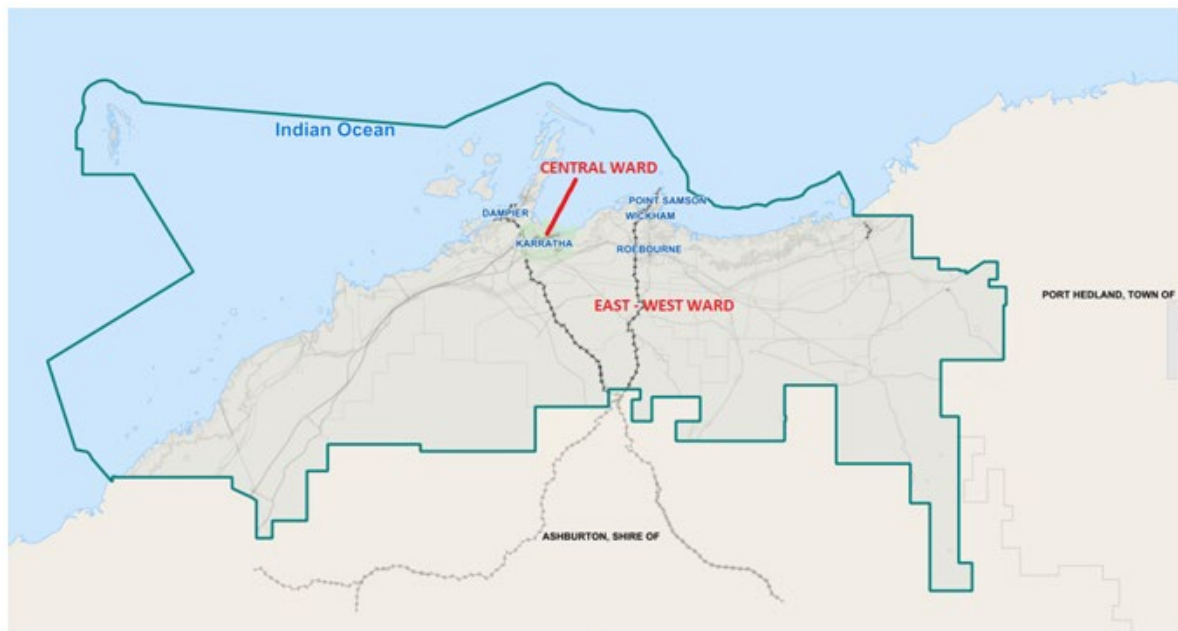

### Option 5 (Revised) - Two Ward System

With the City being limited to a maximum of eight (8) ward councillors plus a directly elected Mayor, each ward councillor represents on average 1,508 electors. This ratio means that the Dampier Ward has approximately half the number of electors to retain a councillor. Similarly, the Wickham-Point Samson-Roebourne-Cossack-Pastoral Ward only has enough electors for one (1) councillor.

By merging the existing Dampier Ward with the Wickham-Point Samson-Roebourne-Cossack-Pastoral Ward it may be possible to sustain two councillors for electors in these areas. The new ward would be named East-West Ward and the Karratha Ward would be renamed Central Ward. Based on the number of electors in the proposed East-West Ward, two ward councillors would put this option outside the ratio tolerance. Any consideration of this option would therefore rely on submissions that the communities of interest for the towns outside of Karratha should have precedence over strict compliance with the elector ratio. It is also worth noting that successive reviews have seen a reduction in representation for electors in these areas from five councillors to three councillors and whilst there is acceptance that this should reduce further, a reduction to two councillors at this time may be more palatable to the community.

*Figure 3 - Revised Option 5 - Two Wards – 8 Seats + Mayor – East-West Ward and Central Ward*

Ward	Total Population	Electors	Councillors	% Electors per Ward Population	Councillor /Elector Ratio	% Ratio Deviation
Central	17,018	9,732	6	57.2 %	1: 1,622	-7.6 %
East-West	5,166	2,330	2	45.1 %	1: 1,165	22.7 %
TOTALS	22,184	12,062	8		AVE = 1,508	

**Staged Reduction of Councillor Numbers**

The Minister has advised that amendments to the Act will enable the reduction of councillors to be staged over the next two elections (2023 and 2025). Council has previously resolved that this is its preference. Below are when current councillor terms expire and staging scenarios for either a no wards or two wards option.

*Table 5 - Councillor Terms*

Ward	Expiring 2023	Expiring 2025
Dampier Ward		G Furlong
Karratha Ward	P Long M Bertling G Harris D Scott	P Miller D Gillam J Waterstrom Muller T McNaught
Wickham-Point Samson-Roebourne-Cossack-Pastoral	G Bailey	K Nunn

**No Wards**

To effect the reduction in seats over two elections, five (5) seats would be vacated at the October 2023 local government election, with the Mayor and three (3) councillors elected for a four year term. This would result in ten (10) elected members (including the Mayor) comprising Council until the October 2025 elections. In October 2025, six (6) seats would be vacated and four (4) councillors would be elected for a four year term with one (1) councillor elected for a two year term. This would result in the new Council having nine (9) elected members.

**Two Wards System**

To effect the reduction in seats over two elections, five (5) seats would be vacated at the October 2023 local government election, with the Mayor and three West/Central Ward councillors elected for a four year term. This would result in ten (10) elected members (including the Mayor) comprising Council until the October 2025 elections. In October 2025, six (6) seats would be vacated and five (5) councillors would be elected. In the case of Option 7 there would be three (3) West Ward councillors and one (1) East Ward councillor each with a four year term plus one (1) West Ward councillor with a two year term. In the case of Option 5 there would be three (3) Central Ward councillors and one (1) East-West Ward councillor with a four year term plus one (1) East-West Ward councillor with a two year term. This would result in the new Council having nine (9) elected members.

**LEVEL OF SIGNIFICANCE**

In accordance with Council policy CG-8 Significant Decision Making policy, this matter is considered to be of high significance in terms of Council's ability to perform its role.

**STATUTORY IMPLICATIONS**

Schedule 2.2 of the *Local Government Act 1995* details the procedures necessary to carry out a review of the City's ward boundaries and elector representation. Amendments to the Act, including capping of elected members, are expected to be introduced in early 2023 to flow through into the ordinary election cycle for local governments in 2023 and 2025.

**COUNCILLOR/OFFICER CONSULTATION**

This matter has been discussed with Councillors at the September, October and December 2022 Briefing Sessions.

## COMMUNITY CONSULTATION

At the Ordinary Council Meeting held on 19 September 2022 Council resolved to seek public submissions over a 6 week period. Submissions were invited from 28 September 2022 to 11 November 2022. Notice was included in the West Australian, Pilbara News, City website and noticeboards at the Administration Office and libraries. Notice and the Discussion Paper was also sent to Community Associations for consideration and feedback.

Only one submission was received during the public consultation process.

Environment	N/A	Nil

## IMPACT ON CAPACITY

Impacts on capacity to carry out the Officer's recommendation can be met from current resources.

## RELEVANT PRECEDENTS

The last Ward and Representation Review was conducted in 2014 and prior to this was in August 2006.

**VOTING REQUIREMENTS**

Absolute Majority.

**OPTIONS**Option 1

As per Officer's recommendation.

Option 2 – No Wards (reduce from 11 to 9 elected members over two elections)

That Council by ABSOLUTE Majority pursuant to Clause 9 of Schedule 2.2 of the *Local Government Act 1995* PROPOSE to the Local Government Advisory Board that an order be made under section 2.2(1) of the *Local Government Act 1995* to:

1. ABOLISH all wards for the City of Karratha district; and
2. REDUCE the number of elected members from eleven (11) to nine (9), inclusive of a directly elected Mayor, over two successive ordinary elections as follows:
  - a. at the 2023 ordinary election, reduce the Council membership by one (1) with five (5) vacating councillor terms to be replaced by a Mayor directly elected for a four (4) year term expiring in 2027 and three (3) councillors elected for a four (4) year term expiring in 2027, resulting in a Council comprising of ten (10) elected members; and
  - b. at the 2025 ordinary election, reduce the Council membership by one (1) with six (6) vacating councillor terms to be replaced by four (4) councillors elected for a four (4) year term expiring in 2029 and one (1) councillor elected for a two (2) year term expiring in 2027, resulting in a Council comprising of nine (9) elected members.

Option 3 – Two Wards (reduce from 11 to 9 elected members over two elections)

That Council by ABSOLUTE Majority pursuant to Clause 9 of Schedule 2.2 of the *Local Government Act 1995* PROPOSE to the Local Government Advisory Board that an order be made under section 2.2(1) of the *Local Government Act 1995* to:

1. ABOLISH the current three ward system and CREATE a two ward system that:
  - a. MERGES the Dampier Ward with the Karratha Ward and RENAMES the new area the West Ward; and
  - b. RENAMES the Wickham-Point Samson-Roebourne-Cossack-Pastoral Ward as the East Ward; and
2. REDUCE the number of elected members from eleven (11) to nine (9), inclusive of a directly elected Mayor, over two successive ordinary elections as follows:
  - a. at the 2023 ordinary election, reduce the Council membership by one (1) with five (5) vacating councillor terms to be replaced by a Mayor directly elected for a four (4) year term expiring in 2027 and three (3) West Ward councillors elected for a four (4) year term expiring in 2027, resulting in a Council comprising of ten (10) elected members; and
  - b. at the 2025 ordinary election, reduce the Council membership by one (1) with six (6) vacating councillor terms to be replaced by three (3) West Ward councillors elected for a four (4) year term expiring in 2029, one (1) East Ward councillor elected for a four (4) year term expiring in 2029 and one (1) West Ward councillor

elected for a two (2) year term expiring in 2027, resulting in a Council comprising of nine (9) elected members.

## **CONCLUSION**

Council has a statutory requirement to review the current ward boundaries and elector representation. While it could be argued that the existing ward boundary structure has been effective, the structure does not provide for equal representation by Councillors nor does it align with the Minister's mandate to reduce the number of elected representatives to a maximum of nine (9) where the population of the local government is between 5,000 and 75,000 residents.

Two options have been identified that meet all of the LGAB and Ministerial requirements, including a no ward option and a two ward option where Dampier Ward is merged with Karratha Ward to create a West Ward and the current Wickham-Point Samson-Cossack-Roebourne-Pastoral Ward is renamed East Ward.

Although it does not satisfy all of the LGAB factors, a two ward option, where Karratha Ward is renamed Central Ward and the Dampier Ward is merged with the Wickham-Point Samson-Roebourne-Cossack-Pastoral Ward to create an East-West Ward, may make it possible to sustain two councillors for electors outside of the Karratha Ward. Based on the number of electors in the proposed East-West Ward, two ward councillors would put this option outside the LGAB ratio tolerance. Any consideration of this option would therefore rely on submissions that the communities of interest for the towns outside of Karratha should have precedence over strict compliance with the elector ratio.

Each of the options allow for the reduction in the number of elected members to be staged over the next two ordinary elections so that the Council will reduce to ten (10) elected members at the 2023 elections and nine (9) at the 2025 elections.

#### **PURPOSE**

For Council to consider waiving the entry fees for patrons under the age of 18 years during January 2023 for:

- Swimming at Karratha Leisureplex,
- Swimming at Wickham Recreation Precinct,
- Swimming at Roebourne Aquatic Centre, and
- Casual Shoot Around (casual basketball) at the Karratha Leisureplex.

#### **DISCUSSION**

The rising cost of living is impacting many families within the City and there is anecdotal evidence to support that people are cutting back on recreation activities.

This initiative would provide assistance to families by removing the financial barrier for children and families to access the City's aquatic facilities and casual shoot around at the indoor and outdoor basketball courts at the Karratha Leisureplex during January.

The City has also considered the impact of increased demand at the facilities, noting that January 2023 tends to be quieter as families leaving the district for school holidays. There is not expected to be an impact on existing programs such as VacSwim.

#### **LEVEL OF SIGNIFICANCE**

In accordance with Council Policy CG-8 Significant Decision-Making policy, this matter is considered to be of moderate significance in terms of social and wellbeing issues.

#### **STATUTORY IMPLICATIONS**

The power to defer, grant discounts, waive or write off debts is required to comply with Section 6.12 of the Local Government Act 1995, requiring an absolute majority decision by Council.

#### **COUNCILLOR/OFFICER CONSULTATION**

Consultation has taken place between Councillors and Officers.

**COMMUNITY CONSULTATION**

Should Council support the Officers recommendation, promotional material will be made available to inform the public and patrons of each of the recreation facilities through social media, media and within each of the facilities.

**POLICY IMPLICATIONS**

There are no policy implications.

**FINANCIAL IMPLICATIONS**

The following shows the estimated cost to Council in forgone fees and charges should the recommendation be supported. Estimates are based on child attendance figures to the aquatic centres and for casual shots during the month of January 2022.

Entry Category	Quantity	Estimated Amount
Casual Child Swim – Karratha Leisureplex	2,340	\$10,998.00
Casual Child Swim – Wickham Recreation Precinct	1,029	\$2,572.50
Casual Child Swim – Roebourne Aquatic Centre	753	\$1,882.50
Casual Shoot Around – Karratha Leisureplex Indoor	503	\$2,515.00
Casual Shoot Around – Karratha Leisureplex Outdoor	139	\$347.00
<b>ESTIMATED TOTAL</b>		<b>\$18,315</b>

**STRATEGIC IMPLICATIONS**

This item is relevant to the Council's approved Strategic Community Plan 2020-2030.

Our Outcome: 1.d Healthy Residents  
 Our Response: 1.d.1 Develop and promote programs and services that improve community wellbeing and health

**RISK MANAGEMENT CONSIDERATIONS**

The level of risk to the City is considered as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	The take up of complimentary entries may be higher than estimated.
Service Interruption	Low	Any increase in participation can be managed by existing facilities and services, including any behaviour management required.
Environment	N/A	Nil
Reputation	Low	Some rate payers may feel that forgoing income from these services is inappropriate.
Compliance	N/A	

**IMPACT ON CAPACITY**

There is no impact on capacity or resourcing to carry out the Officer's recommendation.

**RELEVANT PRECEDENTS**

Council previously provided complimentary access to sporting lights via the lights on project during COVID support period in 2021.

Officers on occasion provide concessions on fees and charges as per section 1.10 of the Delegations Register however this proposal is above Officer delegation.

**VOTING REQUIREMENTS**

- a) \_\_\_\_\_
- b) \_\_\_\_\_
- c) \_\_\_\_\_

**CONCLUSION**

Officers believe this is a positive initiative that will help children stay engaged in recreational activities by removing the financial barrier during a time of year that is traditionally expensive for families.

## 12 DEVELOPMENT SERVICES

### 12.1 NEW FEES AND CHARGES – CONFERENCING

File No:	FM.19
Responsible Executive Officer:	Director Development Services
Reporting Author:	Economic Development Project Officer
Date of Report:	24 November 2022
Applicant/Proponent:	Nil
Disclosure of Interest:	Nil
Attachment(s):	Comparison Fees & Charges

---

#### PURPOSE

For Council to consider including an additional item in the 2022/23 Schedule of Fees and Charges to enable the City to charge for conference tickets.

#### BACKGROUND

The City is hosting two major conferences in 2023 being the Organisation for Economic Co-operation and Development's '4<sup>th</sup> Meeting of Mining Regions and Cities' and Economic Development Australia's 'National Economic Development Conference'. The City has taken on full responsibility for organising and managing these events, including responsibility for ticketing the conferences and associated complementary events such as networking functions and awards dinners.

This is the first time the City has taken on responsibility for organising and managing major conferences in this way so there is currently no fee for this in the 2022/23 Schedule of Fees and Charges.

#### DISCUSSION

The City has undertaken a desktop review of how both the City and other local governments in Western Australia set fees and charges for conferences and other similar events that are ticketed. A full comparison table is included at **Attachment 1**. Most conferences are run by Professional Conference Organisers (PCO) and it is uncommon for local governments to take full responsibility for organising and managing conferences in the way that the City is doing for the two events noted above.

However, it is very common for local governments, including the City to host ticketed events for artists or shows where ticket prices are set by the local government. When setting these fees most local governments set either a 'Market Rate' or maximum ticket price in the fees and charges. The specific fee for each event is then set by the Administration taking into consideration the type of conference or event proposed factoring in cost recovery for the event and market rates for similar events.

It is recommended that the City include a new line item in the 2022/23 Schedule of Fees and Charges to enable a market rate fee to be charged for conference tickets. Administration can

then prepare an event brief for the specific event, including consideration of costs and market rates to determine the appropriate fee for the conference. This is in line with the City's current practice in setting fees for the Red Earth Arts Festival.

Consideration of an appropriate market rate will include:

- the ticket price from the same conference held in previous years;
- the ticket price of at least three conferences of a similar nature held in the same year;
- the amount of sponsorship secured for the conference;
- the nature of the conference and target market (e.g. resources sector or not for profit);
- the value of the individual events associated with the conference;
- the cost of hosting the conference in Karratha.

It is acknowledged that on occasion, delegates may choose to attend select parts of a conference and associated events, for example only attending one day of a conference or opting not to attend complementary events. In these instances individual fees will be charged for these tickets at a market rate. A summary of the proposed Fee is included below:

Current Fee	Proposed Description	New or Amended Fee	Proposed New Fee (Incl GST)	Rationale
<b>Economic Services - Conferencing</b>				
N/A	Conference Tickets (including separable portions such as networking events and awards dinners).	New	Market Rate	To enable the City to charge for tickets to hosted conferences and associated complementary events.

#### LEVEL OF SIGNIFICANCE

In accordance with Council policy CG-8 Significant Decision-Making policy, this matter is considered to be of low significance in terms of Council's ability to perform its role.

#### STATUTORY IMPLICATIONS

Section 6.16 of the *Local Government Act 1995* provides for fees and charges to be imposed and amended during a financial year.

Section 6.19 of the *Local Government Act 1995* requires a local government to give local public notice of any fees or charges imposed after the annual budget has been adopted.

#### COUNCILLOR/OFFICER CONSULTATION

No Councillor or officer consultation is required.

#### COMMUNITY CONSULTATION

Should Council approve these charges, a local public notice will be given in accordance with section 6.19 of the *Local Government Act 1995*.

#### POLICY IMPLICATIONS

There are no policy implications.

#### FINANCIAL IMPLICATIONS

If the City does not introduce a new fee for conference tickets it will reduce the ability to raise revenue to offset the cost to host the events.

**STRATEGIC IMPLICATIONS**

There are no strategic implications.

**RISK MANAGEMENT CONSIDERATIONS**

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	If the City does not introduce a new fee for conference tickets it will reduce the ability to raise revenue to offset the cost to host the events.
Service Interruption	N/A	Nil
Environment	N/A	Nil
Reputation	N/A	Nil
Compliance	Low	Fees may not be charged unless they are adopted by Council in accordance with the <i>Local Government Act 1995</i> .

**IMPACT ON CAPACITY**

The Officer's Recommendation will be delivered using existing organisational capacity.

**RELEVANT PRECEDENTS**

Council adopted new fees at the Council Meeting on 28 March 2022 to allow the City to charge fees related to the FeNaCING Festival. Council also adopted new fees at the Council Meeting on 19 September 2022 to allow the City to charge fees for various services at the Karratha Leisureplex.

**VOTING REQUIREMENTS**

Absolute Majority.

**OPTIONS:**Option 1

As per Officer's recommendation.

Option 2

That Council by ABSOLUTE Majority pursuant to Section 6.16 of the *Local Government Act 1995* NOT ADOPT the new fees and charges.

Option 3

That Council by ABSOLUTE Majority pursuant to Section 6.16 of the *Local Government Act 1995* ADOPT the following new fees and charges with the following changes:\_\_\_\_\_.

**CONCLUSION**

The City requires an adopted fee to be able to charge for the conferences that it hosts. Without an adopted fee, the City will be unable to recoup the costs associated with any conference that it manages. It is therefore recommended that Council adopt the proposed new fee.

## **13 STRATEGIC PROJECTS & INFRASTRUCTURE**

### **13.1 REQUEST FOR TENDER – RECONSTRUCTION OF HILLVIEW AND BALMORAL ROADS**

<b>File No:</b>	<b>RD.185</b>
<b>Responsible Executive Officer:</b>	<b>Director Strategic Projects &amp; Infrastructure</b>
<b>Reporting Author:</b>	<b>Manager Infrastructure Projects</b>
<b>Date of Report:</b>	<b>25 November 2022</b>
<b>Applicant/Proponent:</b>	<b>Nil</b>
<b>Disclosure of Interest:</b>	<b>Nil</b>
<b>Attachment(s):</b>	<b>Nil</b>

---

#### **PURPOSE**

For Council to consider inviting tenders for the reconstruction of Hillview and Balmoral Roads.

#### **BACKGROUND**

Hillview and Balmoral Roads are both Local Distributor roads connecting businesses, community, and emergency services within the City of Karratha to key Regional Distributor, Dampier Road, and District Distributor Bayview Road. The two roadways have high daily volumes of traffic, however they critically do not comply with current road standards for accommodating larger articulated haulage vehicles.

#### **DISCUSSION**

Over time the Hillview and Balmoral Roads have increased in terms of heavy vehicle movements. Vehicles are longer and heavier than initially anticipated, and some sections of the roads are narrow in their design. Currently, the Hillview and Balmoral Roads do not adequately allow for turning movements of vehicles at intersections or roundabouts. The larger vehicles are an ongoing maintenance concern as heavy vehicles cause edge failures and rapid road surface deterioration, but more importantly, they pose traffic safety concerns.

Both roadways are at or close to their end of life, with the most recent repairs completed in November 2021. The proposed upgrades will widen the road to accommodate trucks and allow for a safe route for road users and emergency services. In addition, the roadway geometry has been designed to provide a safer and more efficient environment for the road user. The planned works will include an update to the roundabout at the intersection of Hillview and Balmoral Roads to accommodate public transport vehicles on the route.

The extent of the proposed work is also the last remaining section of roadway not actioned as part of the Karratha City Centre Infrastructure Works Program concluded in 2015. The Program saw the significant redevelopment of the city centre with the support of the then Landcorp, and now Development WA, together with the Western Australian State Government.

As a Town Distributor located in the City Centre, the Hillview and Balmoral Roads provide access to the central shopping centre, accommodation and restaurant facilities, Youth Centre, and Emergency Services. Indeed, Hillview Road links major distributor roads such as Balmoral Road to the central business district, Dampier Road and Sharpe Avenue, and Bayview Roads. Balmoral Road itself provides access to the Karratha Court House, Nickol Bay Volunteer Bush Fire Brigade, and the State Emergency Services, as well as numerous local businesses. The route also connects Dampier Road (Regional Distributor) to the Karratha Health Campus.

The current annual average daily traffic (AADT) for Hillview Road is 754, with passenger car units (PCU) of 810. At the same time, the comparable data for Balmoral Road is an AADT of 3403, and a PCU of 4005, which should be noted exceeds the minimum of 200 PCU benchmark as a local distributor roadway.

The reconstruction and improvement work to improve and extend the overall asset life include, but are not limited to:

- a) road widening and resurfacing, including drainage upgrades to meet safety requirements and standards under Austroads and Main Roads WA standards for RAV 7 roads;
- b) minimum design life of 25 years for the infrastructure, given it is a crucial City asset;
- c) improved lighting to provide street lighting along Hillview and Balmoral Roads;
- d) water main redirection and upgrade following the Water Corporation standards;
- e) existing culvert and drainage upgrade;
- f) removal of the existing traffic management devices and an upgrade of all line marking and associated wayfinding and signage; and
- g) verge landscaping improvements in line with its status and location within the City centre.

The proposed upgrade of the Hillview and Balmoral Roads will ensure better functionality and longevity for local businesses and road users in line with the remainder of the City centre. These upgrades will also increase the productivity and safety of heavy vehicle operations.

Access to the existing local businesses and emergency services along Hillview and Balmoral Roads shall remain uninterrupted. The Contractor is to allow for working outside of hours where necessary. Night works can be accommodated, and any Hold Points will be subject to normal City of Karratha operational working hours.

To accommodate the work, the existing City's Public Art located on the island of the Hillview and Balmoral Roads intersection roundabout will need to be decommissioned. The Public Artwork is not listed on the City's Asset register.

#### **LEVEL OF SIGNIFICANCE**

In accordance with Council Policy CG-8 Significant Decision-Making Policy, this matter is considered to be of moderate significance in terms of economic issues.

#### **STATUTORY IMPLICATIONS**

Tenders for the works are proposed to be called in accordance with Section 3.57 of the *Local Government Act 1995* and Part 4 of the *Local Government (Functions and General Regulations 1996)*.

#### **COUNCILLOR/OFFICER CONSULTATION**

No Councillor or Officer consultation is required.

#### **COMMUNITY CONSULTATION**

No community consultation is required.

**POLICY IMPLICATIONS**

Council Policies CG12 – Purchasing and CG11 – Regional Price Preference are applicable to this matter.

Due to the critical nature of the project in the current market in terms of cost pressures, time and quality outcomes required, the following tender section criteria is proposed:

Criteria	Weighting
Sustainability	5%
Relevant Experience in Providing Similar Work	10%
Resources and Capability	15%
Methodology to Deliver	20%
Price Schedule	50%

**FINANCIAL IMPLICATIONS**

Council has allocated \$3,127,147 (excluding GST) in its Long Term Financial Plan and 2022/23 Budget towards the reconstruction of Hillview and Balmoral Roads to be funded from the City's Infrastructure Reserve.

Officers have secured additional funds of \$2,084,785 (excluding GST) from the Regional Road Group (RRG) through the State Government's Finance Assistance Grant program. However, this funding requires the works to be significantly commenced in the current financial year or risk the loss of the current funding status.

**STRATEGIC IMPLICATIONS**

Programs/Services:	1.a.1.1	Civil Infrastructure Works Construction and Maintenance.
Projects/Actions:	1.a.1.1.22.1	Construction of Hillview Road and Balmoral Road Intersection in Karratha CBD (RRG Funding)

**RISK MANAGEMENT CONSIDERATIONS**

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Moderate	If reconstruction works do not proceed, maintenance costs are guaranteed to increase due to failing sealed road surfaces and poor road geometry.
Service Interruption	Low	Should works proceed there will be an impact on road access and power provision for a period during the works.
Environment	Low	If supported by Council, the design documentation and construction will be in accordance with all statutory and relevant standards. Noise output and dust pollution throughout construction, will be managed by the contractor.
Reputation	Moderate	The safety, functionality, and condition of roads is a responsibility of Council. Council could improve the heavy vehicle experience through the enhancement of Hillview and Balmoral Roads upgrade works. If supported by Council, an improvement in the inner-city road network is likely to deliver positive reputational impact for Council.

Category	Risk level	Comments
Compliance	Moderate	If supported by Council, tenders are proposed to be called in accordance with relevant legislation and Council policies. Works are expected to comply with all statutory and relevant standards.

### IMPACT ON CAPACITY

The development of the tender documentation, panel evaluation process and management of the potential successful tenderer is afforded within existing resources. Detailed design and associated investigation works for the civil works have been completed by external consultants and coordinated in consultation with various department Officers.

Should Council support the recommendation, the Contract be managed by the City's Infrastructure Projects Team.

### RELEVANT PRECEDENTS

The City has previously undertaken infrastructure works including major road construction to enhance aesthetics and improve infrastructure and safety for road users, light industry and as a gateway to the City centre, Emergency Services and the Karratha Health Campus.

The Reconstruction of Coolawanyah Road Stage Three under RFT 24-21/22 was awarded to Northwest Sand & Gravel Pty Ltd which commenced in May 2022 and will be completed in November 2022.

### VOTING REQUIREMENTS

Simple Majority.

### OPTIONS:

#### Option 1

As per Officer's recommendation.

#### Option 2

That Council by SIMPLE Majority pursuant to Section 3.57 of the *Local Government Act 1995* NOT INVITE tenders for the Appointment of a Civil Contractor for the Reconstruction of Hillview Road and Balmoral Road works and associated services at this time.

**PURPOSE**

For Council to consider inviting tenders for the provision of Minor Works – Building Services.

**BACKGROUND**

The City is responsible for the renewal and maintenance of more than 150 facilities and 100 houses which it owns and / or manages which range in profile, complexity and age. Examples include the Red Earth Arts Precinct (REAP), Karratha Leisureplex, Community Hubs, Child Care and Family Centre's, Pavilions, Public Toilets, Park Structures and heritage listed buildings.

The City has established renewal programs to ensure that these facilities are maintained to the agreed level of service and operated as intended. This includes annual Building renewal programs as well as planned and reactive maintenance schedules.

The City employs staff directly to undertake routine maintenance in a cost-effective manner. Larger and often more specialised works that requires multiple trades has typically been contracted to the City. The City has previously engaged General Building Maintenance through a minor works contract under RFT 24-12/13, from 2013-2015 and more recently RFT 25 -20/21 from June 2021- December 2022.

**DISCUSSION**

The benefit in having a preferred Building Services contractor is they can assist Officers trouble shoot maintenance issues, provide a coordinated trade response and quotation to inform budgets, and reduce significant administration time in seeking multiple quotations each time a procurement activity is required. The concluding contract has provided continuity around quality of workmanship and the ability to provide expert advice to assist in scoping of large-scale refurbishment programmes. It has also provided the ability to complete urgent building reactive works in a timely manner.

Typically, the Building Services contract is managed as a schedule of rates with hourly rates, call out rates and mark up on materials, plant and equipment provided to ensure competitive and agreed pricing is realised each time the contract is accessed. During the past 18 months of the current contract significant works have able to be progressed including full roof replacements and roof repair works, major painting works including full internal and external re-paints, full housing internal refurbishment, fencing replacement and refurbishment, shade structure replacement, tiling and floor covering works and a multitude of planned and reactive works varying in size and complexity.

With the current contract about to conclude it is therefore recommended that the City invites tender submissions at this time to secure continuity of service delivering routine maintenance, planned renewals and refurbishment programs. The scope of the works proposed for building services for community facilities, staff housing and other structures owned by the City and/or is responsible for includes, in part:

- General carpentry and locksmith work and repairs
- Framing, cladding, partitioning, tiling and plasterboard
- Glazing- including boarding up, cyclone and security screens
- Flooring- including tiling, vinyl and carpet
- Painting- including patching and preparation
- Alterations, renewals and refurbishments of kitchens, kiosks and wet areas
- General handyman and related facilities maintenance
- Minor concreting and paving works
- Fencing
- Roof repairs
- Asbestos removal
- Asset inspection and condition reports
- General assistance with budget forecasting as directed by the City

It is anticipated that respondents will not likely employ all the trades required of the contract in house and will be required to nominate suitably experienced and licenced subcontractors which will be considered through the evaluation of submissions. The contract is proposed to allow for future approved additions or amendments to the subcontractor base.

It is proposed that the primary feature of the contract includes:

- Start Date 1 March 2023, subject to Council awarding a contract.
- Works to be undertaken in accordance with relevant WHS provisions, Australian standards, legislation and best industry practice.
- Appropriate insurance provision.
- Performance indicators – Attendance requirements in accordance with priority.
- Schedules of rates, hourly rates, call out rates and mark up on materials, plant and equipment.

The proposed Building Services contract will complement a range of established and allied Minor Works contracts including Electrical, Plumbing, Mechanical and Fire Services.

#### **LEVEL OF SIGNIFICANCE**

In accordance with Council Policy CG-8 Significant Decision Making Policy, this matter is considered to be of low significance in terms of Council's ability to perform its role.

#### **STATUTORY IMPLICATIONS**

Tenders are proposed to be called in accordance with Section 3.57 of the *Local Government Act 1995* and associated Regulations.

#### **COUNCILLOR/OFFICER CONSULTATION**

No Councillor or Officer consultation is required.

#### **COMMUNITY CONSULTATION**

No community consultation is required.

#### **POLICY IMPLICATIONS**

CG11 – Regional Price Preference and CG12 – Purchasing Policies are applicable.

It is proposed that the contract be for a term of two (2) years with two (2) x one (1) year extension options exercisable at the sole discretion of the City. The following tender criteria is proposed:

Criteria	Weighting
Relevant experience	15%
Capacity to deliver	20%
Methodology	15%
Price	50%

### FINANCIAL IMPLICATIONS

Council has allocated \$4.45M in the 2022/23 Budget for current delivery of Building maintenance services. It is anticipated that expenditure associated with delivering routine maintenance, renewals and refurbishments under this contract will be in accordance with Council's budget allocations. Since June 2021- December 2022 the City expended \$1.8M utilising the Minor Works – Building Services contract.

### STRATEGIC IMPLICATIONS

This item is relevant to the Council's approved Strategic Community Plan 2020-2030 and the Corporate Business Plan 2020-2025. In particular, the Operational Plan 2022-2023 provided for this activity:

Programs/Services:	1.a.1.5	Building Maintenance Services
Projects/Actions:	1.a.1.5.19.1	Deliver buildings and structure renewals and refurbishment program
	1.a.1.5.20.2	Implement Staff Housing Refurbishment Program

### RISK MANAGEMENT CONSIDERATIONS

The level of risk to the City is considered to be as follows:

Category	Risk level	Comments
Health	N/A	Nil
Financial	Low	Expenditure to be monitored against approved budgets.
Service Interruption	Low	Lack of routine maintenance or poor responses to breakdowns could lead to service interruptions
Environment	N/A	Nil
Reputation	Moderate	Failure to maintain current service levels at the City's facilities could lead to community feedback and complaints.
Compliance	N/A	Nil

### IMPACT ON CAPACITY

Should Council support the recommendation, the contract is intended to be managed by the Infrastructure Services Department. It is anticipated that there will be continued administrative efficiencies by ongoing reduction in the competitive quotation processes for building works currently administered.

### RELEVANT PRECEDENTS

The City has historically tendered for General Building Facilities Maintenance through a minor works contract RFT 24-12/13 for 2013-2015 and RFT 25 – 20/21 for 2021-2022.

**VOTING REQUIREMENTS**

Simple Majority.

**OPTIONS:**Option 1

As per Officer's recommendation.

Option 2

That Council by Simple Majority pursuant to Section 3.57 of the *Local Government Act 1995* NOT INVITE tenders for the Minor Works – Building Services at this time and continue to procure services on a case-by-case basis.

**CONCLUSION**

Council has in the past supported inviting of tenders and awarded contracts for general Building Facilities Maintenance. Council is requested to consider the proposed scope of works and tender evaluation selection criteria in order to progress the invitation to tender.

## Red Earth Arts Precinct

Red Earth Arts Precinct:

- **17** movies were screened in November with a total attendance of **945** and an average of **55** patrons attending each movie.
- **3** local community performances - Dance Kix End of Year Performance (2 shows) & FX Performance End of Year Performance. The lower number of local hires in 2022 resulted in a higher number of movie screenings and therefore the higher kiosk sales.
- **52** venue hires including the Clontarf & Stars Foundation Awards Nights, Banjima & PKKP AGM's, several dance school rehearsals, and the KDCCI Business Breakfast.

**Youth Services**

The Base and Youth Shed:

Attendance at The Base and Youth Shed has increased by **10%** from last month however overall attendance in comparison to November 2021 is down **11%** at The youth shed and **43%** at The Base. The bus service in Wickham was operable from 11 November and we anticipate numbers will continue to rise as the weather heats up. Both facilities will see an increase as we approach the school holidays in mid December.

**Liveability**

**Meet the Street:**

Officers expecting a busier December for MTS with Christmas parties planned.

**Recreation Facilities**

**Karratha Leisureplex:**

Membership has maintained record levels. KLP total visits exceeded last month's record by another **7803** attendees. The increase in visits relates to the record membership level and associated utilisation of member spaces. We also had a busy month with facility users; KBA super rounds and Pilbara Swim Championships.

**Wickham Recreation Precinct:**

**30%** Decrease from this time last year due to aquatic attendance reflecting swimming lessons running later into the month last year. Total memberships remain steady. Play program and in term program numbers steady. Slight increase in gym & group fitness member visits.

**Roebourne Aquatic Centre:**

**24%** Decrease in attendance compared to November 2021 this has been attributable to the unseasonable cooler weather.

### Indoor Play Centre

**Indoor Play Centre:**

**27%** decrease in attendance from this time last year attributable to Party Hire as laser tag equipment is under repair. Positive increase in general party hire compared to last month, takings are up \$2000. December is predicted to see this continuing to rise as we approach school holidays.

We wish you a very Merry Christmas
