Hi

My name is John Coope. On behalf of my mother and wife who own the property 18 Ridley Street in Bulgarra. I object to the City of Karratha increasing our rates when our investment property has been substantially devalued. The value of this property have more than halved and put my mother, myself and my wife under substantial financial duress.

To the point where my mother cannot get a pension and this was her investment to be self-funded retiree and now I am having to support her as well as pay a larger mortgage than the value of the property.

Please take my concern seriously as increased costs will mean I will need to look at how we can cut this loss and the last thing Karratha needs is more people selling under Duress.

Kind regards

**John Coope**
