## 40-Mile nature-based campsite (Gnoorea Point)

Located approximately 56kms south of sunny Karratha, 40 Mile is an ideal spot for anyone seeking a natural coastal camping area. The splendour of the bay offers not only quality fishing but also protection for those wishing to cool off in the tranquil waters.

40 Mile camping ground is a natural camping area and apart from the natural boat ramp there are no other facilities or amenities available. Visitors are reminded to bring plenty of drinking water, as there is no drinking water provided.

## Cleaverville nature-based campsite

About 26km northeast of Karratha, Cleaverville is a popular spot with a number of ideal sites for camping and day trips, and offers great fishing spots off the beach locations and at the mouth of the Cleaverville Creek.

Cleaverville Nature-Based Campsite is a natural camping area and apart from the natural boat ramps and the sullage disposal points, there are no facilities available. Please bring plenty of drinking water as there is none available on site.
