

City of Karratha - Karratha Ward - Councillor

HARRIS, Geoff

I am Passionate, Proud and Positive of our Community.

Being re-elected onto Council I will continue to be a strong voice for the residence of Karratha.

I am a long term local having lived in Karratha for 48 years. I am a Small Business Operator and a Home Owner of Karratha. My wife and I enjoy raising our 2 children here and being actively involved in our community.

With many family members including my retired Parents, as well as long term friends living in Karratha, I am a strong advocate for ensuring rate rises are minimal, while still maintaining our facilities and adding new infrastructure.

I am dedicated to diversifying our economy and promoting our region.

It would be an honour to continue to represent our community and serve you as a Councillor for the City of Karratha.
