

City of Karratha - Karratha Ward - Councillor

WATERSTROM MULLER, Jo

I was born in Dampier and raised in Karratha. I have a wonderful husband, two children and am a local ratepayer.

I have been a dedicated volunteer in many different areas, including sporting clubs, as a wildlife carer, on school P&C's and have been an active member of Karratha SES for over 24 years. I am also the 2017 City of Karratha Citizen of the Year.

I have worked for small and large companies around town and currently manage a large school canteen.

My family are long term locals and I'm passionate about our City.

Being chosen to represent you would be a real honour and I promise to work hard as a Councillor.

To ensure our new City prospers, we need to push forward with new business and tourism opportunities.

I will strive to make our City a more exciting place to live, work and raise a family.
