

## City of Karratha - Wickham-Point Samson-Roebourne-Cossack-Pastoral Ward - Councillor

### NUNN, Kelly

I have been a resident of Wickham for the past ten years, with my husband and 3 children. During this time, I have been active volunteer in our community, with involvement in many community groups including Wickham Playgroup and Wickham Primary School P&C, and I am currently the President of Wickham Tidy Towns. I am also a representative on the Wickham Community Hub Reference Group, and was the 2015 Wickham Citizen of the Year.

I have a degree in Environmental Health, and am completing post graduate studies in Community Development. The majority of my career was within local government. I am committed to seeking opportunities and solutions to issues that will make our region a better place for people to live, and to retain families for the future. I look forward to the challenges and opportunities to work with our community, and would proudly represent our region if elected.
