Hi Jacoba,

As mentioned over the phone during our meeting I would like to formally put in writing our plans/hopes for Pilbara Europcar and the block so land we are currently renting from Karratha Airport.

As mentioned the block we have been have needs to have a cross over put in, fenced and gravel be layed down before we can even access it, We have got quotes on doing this and the cost is unfortunately way beyond our financial means and unfortunately is something we shall not be able to afford. In talking with yourself about this situation we would be very happy to rent block LA.35 from the Karratha Airport and hand back the current block to the Airport.

Pilbara Europcar propose the following;

- 1. Due to the cost of the improvements required Pilbara Europcar request approval to hand back the block of land we currently lease (LA49)*
- 2. In place of LA49, Pilbara Europcar would like to rent LA.35 and make minor improvements at our own cost*

It would be most appreciated if the Karratha Airport and Shire could look at our proposal and let me know if it is at all possible to do this, I look forward to hearing back from you and again thank you for your time and efforts in trying to help us get this sorted.

Please don't hesitate to email me back if you need any more information form us in regards to the above.

Thank you and kind regards

Tom Forman
