1. OBJECTIVES

The City of Karratha Risk Management Policy ~~documents~~ identifies Council's commitment to and objectives around managing and mitigating risk to:

- proactively identifying risks to protect the City;
- ~~ensure Risk Management is adopted throughout the City of Karratha as a management practice through a series of procedures, plans, and practices;~~ ensure public safety within the City's jurisdiction and the ongoing health and safety of all employees in the workplace;
- ~~ensure all employees~~
- ~~promote the continuous and consistent use of the City's Risk Management Process Framework as a strategic tool to ensure better informed decision making and management throughout the City; are made aware of the need to manage risk and promote a culture of participation in this process;~~
- ~~protect the City from adverse incidents, to reduce exposure to loss, and to mitigate and control loss and associated costs should an adverse incident occur;~~
- minimise or eliminate adverse impacts relating to the City's services or infrastructure on the community, visitors and the environment;
- ~~ensure the ongoing capacity of the City to fulfil its mission, perform its key functions, meet its strategic objectives, capitalise on identified opportunities, and serve its customers, thus ensuring positive public perception of the Council and the City; and~~
- ~~reduce the costs of risk to the City;~~
- ~~develop and maintain a Business Continuity Management Program to reduce the impact of disruptions to service and to ensure that business objectives can continue to be met; and~~
- adhere to relevant Legislation and Australian Standards, in particular the Australian Standard for Risk Management – AS/NZS ISO 31000:2009 (hereinafter referred to as the Standard).

2. DEFINITIONS

Risk: Effect of uncertainty on objectives (AS/NZS ISO 31000:2009).

Note 1: An effect is a deviation from the expected – positive or negative.

Note 2: Objectives can have different aspects (such as financial, health and safety, and environmental) and can apply at different levels (such as strategic, organisation-wide, project, product or process).

Risk Management: The application of Coordinated activities to direct and control an organisation with regard to risk.

Risk Management ~~Process Framework~~: Systematic application of management policies, procedures and practices to the activities of communicating, consulting, establishing the context, and identifying, analysing, evaluating, treating, monitoring and reviewing risk.

3. PRINCIPLES

3.1 General

The City of Karratha considers risk management to be an essential management function in its operations. It recognises that the risk management responsibility for managing specific risks lies with the person who has the responsibility for the function, service or activity that gives rise to that risk.

Council is committed to the principles, framework and process of managing risk as outlined in the Standard. As such, it is the policy ~~It is the Policy~~ of the City of Karratha to achieve best practice in the management of all risks that threaten to affect the City of Karratha, its customers, people, reputations, assets, functions, objectives, operations and members of the public. ~~The Risk Management Process~~Framework will be applied to decision making through all levels of the organisation in relation to planning or executing any function, service or activity.

In particular, it will be applied to:

- Strategic planning
- Expenditure of large amounts of money
- New strategies and procedures
- Management of projects, tenders and proposals
- Operational matters
- Introducing significant change, and
- ~~—The management of sensitive issues.~~
- ~~—The City of Karratha is committed to:~~
~~the full integration of Risk Management practices that are consistent with the current Standard into the City's strategic and operational planning processes to ensure continuous best practice in the identification, assessment and management of risk throughout all work areas of the City; and~~
~~taking into account relevant legislative requirements and political, social and economic factors when managing risk; and~~
~~ensuring a strong risk management culture exists and undertaking a range of activities to help promote and embed risk management practices.~~
-

3.2 Responsibilities

- ~~—Risk Management is to form part of the Strategic, Operational, Line Management and Project Management responsibilities and be integrated into Strategic, Business and Project Planning processes. The Risk Management Framework will need to align and integrates with the strategic planning processes.~~
- Council is committed to the concept and resourcing of risk management.
- The Audit and Organisational Risk Committee will monitor risk management implementation and performance throughout the City.
- Executives, managers and supervisors have the responsibility and accountability for ensuring that all staff manage the risks within their own work areas. —Risks should be anticipated and reasonable protective measures taken.
- All managers and supervisors will encourage openness and honesty in the reporting and escalation of risks.
- All staff will be encouraged to alert management to the risks that exist within their area, without fear of recrimination.
- All staff will, after appropriate training, adopt the principles of risk management and comply with all the policies, procedures and practices relating to risk management.
- All staff will, as required, conduct risk assessments during the performance of their daily duties.
- The level of sophistication of the risk assessment will be commensurate with the scope of the task and the associated level of risk identified.
- Failure by staff to observe reasonable directions from supervisors regarding the management of risks and/or failure of staff to take reasonable care in identifying and treating risks in the workplace may result in disciplinary action.

- It is the responsibility of every directorate to observe and implement this policy in an appropriate manner relevant to the requirements of their work and in accordance with procedures and initiatives that are developed by management.
- ~~Every employee is recognised as having a role in Risk Management including vigilance in the identification of risks to treatment and shall be invited and encouraged to participate in that process.~~
- ~~The City will ensure that each risk must have an 'owner' and ensure there are appropriate controls in place to identify that owner.~~

3.31 Reporting

~~All decision makers are to assess decisions based on approved risk assessment criteria. Where there are notifiable risks, they are to be reported through approved processes in accordance with policy. These risks will be tabulated and submitted to the Executive Management Team (EMT) for determination.~~

3.2 Council's Risk Appetite

~~Consultation shall be undertaken with various staff to assess Council's measure of consequences tables to activity areas across the organisation. This is to be reviewed and reported periodically to ensure that risks are being closely monitored and within Council's tolerance limits.~~

3.33 Training and Development

Risk management training will be provided on a regular and as needed basis.

3.44 Monitor and Review

The City will implement a robust reporting and recording system that will be regularly monitored to ensure management and closeout of risks, and identification of ongoing issues and trends. Risk monitoring and review should be dynamic and an essential part of the culture of risk management.

Risk owners will be assigned for every risk and will report when requested on the status of risks they own.

Risk management key performance indicators relating to both organisational and personal performance will be developed, implemented and monitored by the City where applicable.

Consultation shall be undertaken with various staff to assess activity areas across the organisation with regard to Council's Measure of Consequences tables (Attachment A). This is to be reviewed and reported ~~periodically~~regularly to ensure that higher risks are being closely monitored ~~and within Council's tolerance limits.~~

~~The City will ensure that each identified risk has an 'owner' and ensure there are appropriate controls in place to identify that owner. The risk owner will report when requested on the status of the risks that they own, and will proactively report any changes in the status of risks that they own.~~
~~monitoring and review process to report on the achievement of the Risk Management Objectives, the management of individual risks and the ongoing identification of issues and trends.~~

3.65 Fraud and Corruption

~~A Fraud and Corruption Prevention Policy will be developed to provide guidance and direction to the City for:~~

- ~~— preventing fraud, corruption and misconduct;~~
- ~~— detecting fraud and corruption; as well and as~~
- ~~— effectively responding to fraud and corruption.~~

~~The Fraud and Corruption Prevention Policy will expand on the City's commitment to developing and implementing internal controls in regards to fraud and corruption and how to mitigate this risk at the City.~~

4. CONSEQUENCES

This policy represents the formal policy and expected standards of the City of Karratha [in relation to the management of risk](#). Appropriate approvals need to be obtained prior to any deviation from the policy. Elected Members and Employees are reminded of their obligations under the Council's Code of Conduct to give full effect to the lawful policies, decisions and practices of the City.
