Subject: ICR186100 - RV.10 - Rates 2018/19

Good Morning,

I have been informed that after the ratepayer association meeting held, that the rates in Karratha for this coming year are still going to increase. I wish to record my **objection**, my property has significantly decreased in value not only to sell but also in a rental capacity, which I have had to undertake to maintain my property.

This is going to cause extreme amount of stress, I have always tried to maintain my rates in a ongoing manner but feel that this may push not only me but a lot of other ratepayers over the hill to not being able to afford.

Please consider the effects the people that are trying to hold on to staying in this amazing place.

Unhappy rate payer.

Regards
