

WHAT WE [] MAKE IT

**STRATEGIC COMMUNITY PLAN REVIEW: COMMUNITY
VISIONING ENGAGEMENT BACKGROUND REPORT**

October 2024

Acknowledgement of Country

The City of Karratha acknowledges the Ngarluma people as the Traditional Owners of this land and pays respect to Elders past, present and emerging.

Acknowledgements

The City of Karratha thanks everyone who joined in the *What We Make It* conversation.

You've contributed to developing a plan that will guide the direction of the City of Karratha into the future. This journey has involved conversations with many people at workshops, schools, events, online and out and about in our towns.

We heard many people's stories and aspirations for this place.

We thank you and look forward to working together as we strive to achieve the City's vision.

Report independently prepared by Localise, based on the community's feedback as gathered by the City of Karratha and Aha! Consulting.

INTRODUCTION

This background report accompanies “What We Make It – Strategic Community Plan Review: Community Visioning Engagement Report” (Engagement Report). The Engagement Report summarises and distils the extensive community input that was gathered in the **What We Make It** engagement program¹.

This background report presents the community’s feedback in more detail. It is organised according to the engagement events that were undertaken (see table 1), with the feedback shown in the themes that emerged:

- We respect Traditional Owners’ cultural authority and connection to Country
- Our community is connected, vibrant, healthy, and safe
- Everyone is included
- Our places and spaces are attractive and reflect our unique identity
- We respect and care for the natural environment
- The local economy is thriving, with opportunities for all
- Our Civic leaders are innovative, listening and balanced in meeting community needs

Additional Ieramugadu (Roebourne) Responses

What Do You Like About Living in Our City?

We respect Traditional Owners' cultural authority and connection to Country

- *No specific comment on this*

Our community is connected, vibrant, healthy, and safe

- Art Galleries
- Ngurin Centre
- Central hub – community resource centre
- Sense of community
- Living in a small country town – the best way to move forward is to talk about things, good and bad
- My heart is here, in Roebourne
- Generations of families live here
- Grew up here
- Family/friends here, people I know, know everyone
- Young people stay here – here can live off the land
- Services and organisations – everyone supports each other
- Men's group – go to bush/beach. Help and support each other with issues/concerns
- Safe
- Camping, four wheel drive etc (certain areas prohibited for cultural reasons)
- Likes to go swimming with kids in river
- Facilities
- Pool
- Roebourne Magpies – sports

Everyone is included

- The new school building has seen an increase in motivation

Our places and spaces are attractive and reflect our unique identity

- Historical buildings / heritage

We respect and care for the natural environment

- Hope to work along elders to protect reserves (flora/fauna)
- Close to sea, got a real connection
- Can go out to ocean and river
- Hills

The local economy is thriving, with opportunities for all

- Jobs in community for people.
- Heritage tourism opportunities (Department of Planning, Lands and Heritage)
- Opportunity to pursue a bush product initiative focused on commercialising local unique seeds
- Good op shop

Our Civic leaders are innovative, listening and balanced in meeting community needs

- *No specific comment on this*

What Would You Like to See Changed?

We respect Traditional Owners' cultural authority and connection to Country

- Elders' program

Our community is connected, vibrant, healthy, and safe

- Creation of social life, bring back footy carnivals
- Healing Hub
- Bring pride and healing to Roebourne
- Medical – dialysis machine
- Sobering up shelter demolished
- Kids are unsafe/getting injured out and about at night (eg on main road)
- Things for children and young people to do, eg splashpad, dirt bike track, skateparks, midnight basketball
- When youth engagement is closed, crime/vandalism goes up
- Youth Centre is combo (trash), PCYC needs to be open, youth services
- Activate pool – increase social events / classes (eg water aerobics)
- Other sports facilities – oval upgrades, athletic track, fencing around basketball court, clubhouse
- Access to indoor facilities
- Use/repurpose old buildings
- Don't have designated workshop or men's group space. Opportunity would provide long-lasting changes
- Evacuation centre – cyclone (50 percent hub)

Everyone is included

- Would move but who would look after the elders?
- Children/youth on autism spectrum: lack of access to NDIS services; no centre for youth with a sensory needs; not a lot to do for a child with autism
- Creation of an accessible trail near school – work alongside school to create a Living STEM Trail

Our places and spaces are attractive and reflect our unique identity

- Taxi service
- Issues around journey to school/drop off:
 - Better footpaths along the new school as most kids walk
 - Pedestrian crossings near school
 - Better support for kids to go to school/transport for elders
 - Lack of access to transport (Karratha)
 - Dangerous speeds around schools – more signage, speed humps, restrictions
- Caravans are an issue/ Caravan and 4WD parking
- Cemetery upgrade and accessibility
- More trees/shade
- Improve lighting, seating and shade in parks
- Need toilets, separate genders, proper washing facilities (hand taps etc.) in parks/cemetery
- Parks more sand/slides
- Street cleaning – glass/sweepers needed more frequently
- Change street names into names that mean something
- Strong heritage group – seeking support from City

We respect and care for the natural environment

- River flowing would see kids swimming
- Dam does not let water out. River too dry. Only flows when water let out – can City let water out?
- Opening/closing times of waste tip: locking/throwing away rubbish over gate

The local economy is thriving, with opportunities for all

- Mob battling to survive
- Housing, more houses built on community, home ownership, cyclone repairs, overcrowding
- Business initiatives
- Goods and services: post office, personal care facilities (salons etc.)
- ActivateCossack/Roebourne area for tourism and reconciliation

Our Civic leaders are innovative, listening and balanced in meeting community needs

- In the past we've had people make decisions on our behalf –never had something like this
- Many voices are stronger together
- Need collective unity – challenge to come together/do things from the heart, a lot of passion, but not getting there
- Communication, transparency, supported consultation (“navigation through the maze”)
- Roebourne has got nothing, put community interest first
- Cycle of asking for input, surveys etc...in our experience nothing changes

What You Would Change About Our City

We respect Traditional Owners' cultural authority and connection to Country

- Free cultural awareness/cultural recognition trainings at REAP
- Truth telling and living reconciliation

Our community is connected, vibrant, healthy, and safe

- Fete or fair to celebrate this community consultation
- Live music in the Quarter every weekend
- Sink ugly car parks underground and create community meeting places on the prime land
- More events at REAP and library
- Would love to see a light show projected onto the water tanks, perhaps controlled from the park near REAP, could tell different stories from the area
- Want a hospital, more doctors, specialists etc
- Reduce membership costs for ratepayers to access Leisureplex (KLP)
- Two indoor basketball courts at Leisureplex
- More parking at the Karratha Leisureplex
- Need a second version of the Leisureplex
- More teen facilities (rage room, bowling, arcade, escape rooms, bounce)

Our places and spaces are attractive and reflect our unique identity

- Public art
- More indigenous art to be displayed in public places
- Improve public transport
- Regular bus routes service to the Youth Shed, Wickham, Roebourne, Point Samson, Dampier
- Dog agility space/fenced dog park
- Install water fountains in all parks
- More picnic tables
- Better lighting within Balyarra Park
- Lighting for Bulgarra oval and use for soccer again
- New park in Nickol similar to playground style of Baynton West park
- More play areas for 11 to 15 year olds (include seating for parents. e.g. picnic tables)
- Outdoor gym equipment and play equipment for 10 to 15 year olds to Baynton West Park
- Kevin Richards Memorial Oval – new park not engaging for kids, no shady spot for parents
- Protect Threatened Ecological Communities (TECS) and educate community about them
- Weed control
- Plant more trees

- Baynton Hills need a management plan to ensure they are kept in pristine condition, free from litter and destruction, so they can be enjoyed by generations to come
- More bins for rubbish in town centre and surrounds
- Clean up broken glass and dog excrement along footpaths - not nice for children using paths away from traffic of Nickol road
- Pedestrian safety improvements Tambrey Drive
- Dangerous exit from Walcott way to Brockman St
- Storage space for Athletics equipment at Butler Reserve, and a toilet for sporting events
- Rebuild the Wickham boat ramp, have a floating platform (similar to Port Hedland Spoilbank), rebuild/convert the existing yacht club, create a dedicated turtle watching area – become centre piece of water activities for the region
- Extend jetty out to ocean
- Put swings back on the beach, Dampier foreshore
- Paved walking track along the coast
- Boat ramp at Hearson Cove
- Cover ugly wire fence surrounding an electrical box on Bayview Rd, Karratha, which disrupts otherwise spectacular view

We respect and care for the natural environment

- Industry polluting the beaches in Wickham and Point Samson

The local economy is thriving, with opportunities for all

- Affordable housing
- Shopping centres/more shops
- Timezone and play centre
- Increased sensory friendly shopping hours and introduction throughout Karratha of the Hidden Disabilities Sunflower Project
- Open up empty space in the Quarter for NGOs and small local business to rent at an affordable price - make the Quarter more vibrant
- University
- Bigger airport for business and international flights
- Bring back the Tourist Information Centre to Roebourne Gaol
- Roebourne Heritage Precinct needs to be re-activated as a tourism destination
- 4 star hotel
- Develop land parcels with 5-10 acre lots

Our Civic leaders are innovative, listening and balanced in meeting community needs

- Facilitate better facilities within the town of Roebourne - reduce disparity between Karratha and Roebourne

EARLY YEARS FOCUS GROUP

We respect Traditional Owners' cultural authority and connection to Country

- *No specific comment on this*

Our community is connected, vibrant, healthy, and safe

- Wanted the country town experience for own children and family
- People that are from Karratha are really proud of being from Karratha
- When you offer up that you are new in town you don't get much back. It's not 'you don't belong' but it's not easy to tap into
- When people see others they know in public, there is not even a 'hey' sometimes
- School community seems a bit 'cliquey', can be hard to make friends
- School should allow time before class where mums can hangout and chat while kids play – this should be the way for parents to connect
- Willingness to listen to opinions of others (especially newcomers) seems limited
- Maybe there could be a space for newcomers/mums to meet – like a weekly coffee or a meet up at a community hub, could include a space with toys, kitchen, outdoor area, craft room etc
- Can be hard to find out about community events – “I feel like I stumble across things”
- Concern for child being exposed to violence at high school
- Kids have less autonomy eg biking to things and walking around with friends due to safety
- Go back to getting out, kids on their bikes etc, you can only make the streets safer by walking and being out on them, meeting your neighbours
- Karratha community page on Facebook where “everyone looks out for each other” would be great
- Challenging to manage kids in extreme heat
- Not everyone wants to work for Woodside – someone who works for Woollies should be able to live and be here as much as anyone else – comes back to housing and medical

Everyone is included

- *No specific comments on this*

Our places and spaces are attractive and reflect our unique identity

- More trees
- In Karratha, there are new pathways, but neighbours get out of car, go into their house, no walking on the street
- Grassed area is lovely and worth spending money on
- Tambrey Park needs an upgrade

We respect and care for the natural environment

- *No specific comments on this*

The local economy is thriving, with opportunities for all

- Great job prospects in mining sector
- One parent income is possible in mining sector, which works best for family
- Affordability – you have to pay for playgroup, which would be a serious barrier for some people
- Shopping centre should be refreshed and beautified, more welcoming, open spaces, the whole community looking like REAP, grassed areas. Shops, cafes, underground carpark. Pop up shops, always different. A place you can go to meet people, family orientated, relaxed
- Impressed with quality of education, including STEM

Our Civic leaders are innovative, listening and balanced in meeting community needs

- People criticise and compliment the local government wherever you are
- Criticisms that the City has wasted money – eg the cost of the tree outside Lo's Cafe

SENIORS FOCUS GROUP

We respect Traditional Owners' cultural authority and connection to Country

- I love it here – the red dirt gets in your blood
- People that come here have a city outlook and they soon lose it

Our community is connected, vibrant, healthy, and safe

- You can talk to people, you can reach across and help someone and people accept your help
- We are a community, strong sense of community
- Want a central hub of information – not relying on the computer
- Looked after each other in the early days, knew everyone, left our homes and cars open – don't have that anymore
- Most agree that they are happy here
- Need to engage men
- Men's Shed
- Appoint someone for seniors, who could connect with everyone, improve communication, identify government benefits, every senior gets a list of what they could have access to
- Fewer FIFO, more people living here, being in the community
- The City should provide aged care
- Silver Chain support services not adequate anymore
- Volunteering seems to have declined
- We need to walk safely in our neighbourhood, for now the car is safer
- Golf course and marina
- Wellness practitioner

- Local government could provide a facility/community centre, run by the community, near senior village, include craft activities, learning to cook etc
- Outdoor activities such as Tai Chi with low impact movement
- Winter activities
- The library has a list of phone numbers people can ring and get help. Something that can be sent to your home with rates notice for those who are not mobile.
- Should the City not have a seniors' strategic plan? Their own service?

Everyone is included

- Seniors can feel undervalued because mining brings the money – industry and the workers are seen as more important; seniors are forgotten
- We should be in the centre of town together, near Pelago and the hospital, it is very important for seniors to be close, knowing neighbours and safe
- We need more kids in trades and education

Our places and spaces are attractive and reflect our unique identity

- Carparks with shaded parking, trees, and solar panels
- Foreshore developed
- Development – larger blocks with trees
- Maintain and repurpose existing buildings rather than knock down
- Playground with shaded area for the kids to play and grandparents for sitting and waiting
- Continue planting shade
- Bus service to Perth that stops at every town on the way
- Taxi service – community run? Seniors and disability friendly, including using seniors' card

We respect and care for the natural environment

- *No specific comments on this*

The local economy is thriving, with opportunities for all

- Cost of living/affordability, including insurance
- Housing availability and affordability, and diverse housing choice
- Ageing in place, including seniors' housing, integrated with aged care
- We need trades to build houses – catch 22
- Addressing transiency and influx of FIFO workers using resources
- Restaurants on the foreshore, hub of activity – 'once a stinky old back beach' now a beautiful big shopping centre, more retail choice, revamped multi story with a park underneath
- More local business opportunity such as Bunnings, Chemist Warehouse
- Raise our profile as a place for seniors
- Everyone works hard but they fade hard too

Our Civic leaders are innovative, listening and balanced in meeting community needs

- Effective local and State government partnership for growth and development
- Regularly update plan, not wait 10 years
- Clear advocacy agenda with mining sector and government
- What happens to what we say? We asked for a lifestyle village years ago
- Our experience has been that nothing changes
- Strategic plan needs to have markers and show the community when you are ticking off achievements

COMMUNITY INTEREST GROUP (NOT FOR PROFIT)

We respect Traditional Owners' cultural authority and connection to Country

- *No specific comment for this*

Our community is connected, vibrant, healthy, and safe

- Retention of volunteers an issue
- City community directory should be simplified and updated
- Social isolation, loneliness and mental health a major issue for women
- Need opportunities for togetherness - opportunity for friendship and connection
- City timelines can be difficult to meet
- Cost of building rental is a major constraint on services; current building inadequate for certain needs – space, accessibility, storage
- Building up community services creates rapport but difficult in a transient town
- Safety concerns for women include walking around (especially at night); knowing who is around in different areas; dogs
- Health/medical: dementia support; accessible dental, medical and mental health services
- Hospital is in wrong location for ease of access
- Need support for delivering FASD programs
- Would like to self defence programs to be available
- Drop-in services needed for women
- Need for safe space housing – need to address domestic violence

Everyone is included

- Retention – if woman isn't happy then family won't stay
- How to ensure women's rights and issues are recognised and actioned
- Need to find a way to provide support services without charging as excludes some people
- Need to support population health – baby program
- Elderly/senior community need for connectivity services
- Question of elderly having to move to access health services – 'should I stay or should I go?'
- Need ageing in place support e.g. lack of funeral services, no longer have meals on wheels, Silverchain – seniors need stability
- Inter-generational: need to connect older people with young people and vice versa

Our places and spaces are attractive and reflect our unique identity

- Need Karratha to be an attractive place to stay
- Bus services needed; minibus would provide safety and security for women accessing services, events etc; bus waiting times and accessibility is an issue for women, especially older women; community bus needed more
- Safety concerns for women include lighting

We respect and care for the natural environment

The local economy is thriving, with opportunities for all

- Cost of living a growing issue for people
- People are having to overwork to survive
- Need housing provision for community workers
- Need freshness and variety of options in shops

KARRATHA PROFESSIONAL SERVICES BUSINESS

Vision for community is: Vibrant, modern, economic depth, youth/young, self-sustained

The local economy is thriving, with opportunities for all

- Need to focus helping business/ entrepreneurs to understand what is needed to do business in Karratha. How do you succeed here?
- Need for a hybrid approach to seed funding opportunities which reaches out to small business in the regions - need to be advocating for this
- Focus on opportunities around industrial tourism - could be enormous
- Focus on spirit of the land – pick the point of difference and run with it
- MIT teaches in order to create an innovative society: capital, entrepreneurs, corporates, government, university. If you don't have one of those five things, it's going to be hard. Need to explore this further, what is present and how do we stimulate
- Wants a major focus on injecting an innovation into the local and regional economy. Would like the C of K to participate and support
- Should look at industrial tourism - it could be enormous
- Have the potential to be a globally significant hub for things that are globally significant - around resource? Art?

Our Civic leaders are innovative, listening and balanced in meeting community needs

- Need leaders to agree what will clearly focus on
- Look at WA Innovation Strategy and align with that
- Need to get local businesses and local government to go out externally to seek solutions – use local savvy people. Not just about creating an enabling environment for entrepreneurs but telling corporates how they can help. Role for City to go to entrepreneurs and ask for solutions.
- The City should lean in and say: “we are going to allocate a resource and that person is going to learn exactly what it means to create an innovative society in a small area”. We need to work together to work out what is important in our area. WE are going to invest in learning
- There is a need for a shift in mindset – need for an openness to reach to entrepreneurs and ask what are the problems you are having. Instead of saying let's design the solution ourselves and then go to market. Instead, go to market and say, “how would you do this”?
- Culture of problem solving is so critical to how we remain relevant and evolve
- Innovative leadership role by City of Karratha is critical

INDIVIDUAL SUBMISSION FROM KARRATHA RESIDENT

New document

- Make sure the font size is large enough to be easily read (including footnotes) and there is high contrast between the text and the background.

Inclusive and Engaged

- Accessible services must surely include consideration for the aged, and less mobile persons. If the City is serious about Connected communities, will it:
 - Negotiate control of the land on which Warambie Estate/Seniors Village sit?
 - Erase the roadway on the Masterplan that would see the destruction of Warambie Estate/Seniors Village, and thus provide some semblance of security of tenure for Seniors?
 - Advocate for the retention of Warambie Estate (either in its current structure, or gradual replacement with more solid, purpose-built homes)?
- Advocate for a portion of Warambie Estate to be allocated for Seniors' accommodation - now?
- Transport (lack thereof), is an issue for some. The concept of 'volunteer drivers' has been discussed, but what action has been taken?
- I applaud the Library staff for their engagement initiatives – I find the Library is quite a community hub and encourage more of it (children's activities; 14 Feb Speed Friending; Tai-chi; Crafternoons; Library after-dark; telecast Sydney Writers' Festival; Heritage Festival; Memory Preservation Station and etc).
- Leisureplex – Lifestyle classes and Silver Sneaker program, the PTs are excellent, and these programs need to be promoted more.
- Seniors' Parking Bays are greatly appreciated. More are needed at the Leisureplex as it seems a lot of Seniors use the pool, and some, the gym.
- Activate neighbourhoods and public open spaces – I applaud the City on the Meet The Street campaign.
- Development of funding partnerships – why are operating costs for volunteer groups not funded?
- Administrative/compliance burdens on small community groups are a barrier to social cohesion, and volunteering. Note reporting requirements for NFPs are changing – could be a tipping point for some. City should consider mitigating impost on small community groups.

Thriving and Sustainable

- Encourage the community to support and maintain an attractive built environment – applause for Ready Set Grow initiative; and for annual cyclone green-waste clean-up.
- Consider green-waste bins – monthly collection, or garden bags perhaps as fee for service?
- Glyphosate is a poison, banned in other countries. Find a safe alternative!

- Consider – bottle/debris pickup immediately prior to slashing – broken glass is more dangerous, and shredded paper/card etc are more difficult to collect/remove
- Advocate for improved waste recovery processing facilities.
- Consider – extend under-cover area at tip shop
- Consider – tyre recycling plant. With some 40+ years of mining in the region, previously buried tyres must be a worthwhile resource.
- Other – consider solar micro-grid neighbourhoods
