Introduction

The Study

In August-September 2020, the City of Karratha administered a MARKYT® Business Climate Scorecard to evaluate business priorities and measure Council's performance.

Data was collected using an online scorecard. 191 of 568 businesses listed on the City's database took part in the study representing a 34% response rate.

Data has been analysed using SPSS. Where totals add to ±1% of the parts, this is due to rounding errors to zero decimal places.

CATALYSE® has conducted MARKYT® Business Scorecards and Business Perceptions Surveys for councils across WA. When three or more councils have asked a comparable question, we publish the average and high scores to enable participating councils to recognise and learn from industry leaders. In this report, the ‘high score’ is calculated from **WA councils** that have completed an accredited study with CATALYSE® **within the past 18 months**. Participating councils are listed below.

Proportion of purchases from within CoK region

51% of businesses said that more than 40% of the goods and materials supplied to them came from within the City of Karratha region.

This was highest among younger respondents (18-34 years), businesses based in the Karratha light industrial area, businesses with 6 or more employees and other senior managers.

This was lowest among sole traders and businesses based outside of Karratha City.

Females, older respondents (55+ years) and those based in the Karratha CBD were more likely to purchase goods and materials from outside the region due to specialist needs that can't be met locally.

Home based businesses were more likely to do this due to availability and supply of goods and materials.

Newer businesses (operating for 3 years or less) were more likely to specify price as a reason for purchasing goods and materials from outside the region.

MARKYT  Community Trends Window

The MARKYT® Community Trends Window shows trends in performance over the past 12 months.

In the City of Karratha’s Community Trends Window, detailed overleaf, most services are ideally located in Window 1. They are higher performing areas that continue to improve. The **stand-out improvers** are:

- Access to economic and business development grants
- Support for start-up businesses
- Efforts to support and retain existing businesses
- Value for money from Council rates

There is some need to arrest decline among higher performing areas (Window 3), such as:

- Efforts to develop and promote the region as a destination for tourists and visitors
- What the City of Karratha is doing to promote the area as a desirable place to live and work

- 1 Place to work or operate a business
- 2 Governing organisation
- 3** Value for money from rates
- 4 Advocacy and lobbying
- 5 Consultation
- 6 Informing the business community
- 7 Ease of doing business with CoK
