Dear Property Owner

### **PILBARA UNDERGROUND POWER PROJECT**

The Pilbara Underground Power Project (PUPP) is continuing with more than 50% of the works in the City of Karratha completed. Horizon Power will soon commence the next phase of works in the Karratha Light Industrial Area and Bulgarra.

You would have received your PUPP service charge notice along with your rates notice in July outlining your charges due and payment options. Following feedback from the community, Council has allowed an interest free period on PUPP payments until November 25. Council has also provided further payment options to commercial property owners, agreeing to expand the payment options available to allow PUPP bills to be paid in 40 instalments over ten years for properties with a capacity of 10kVA and 200kVA. Interest payable on PUPP service charges has also been reduced from 5.5% to 4.5%.

As your property is eligible for the ten year payment scheme, I have attached for your information your three standard payment options – lump sum payment in full, a four year payment plan with sixteen instalments and a ten year payment plan with forty instalments. The amount due by 25 November 2014 and the total amount due over the life of the payment plan are outlined to assist you in deciding the most suitable payment plan for your situation. Eligible properties that have already paid the first two instalments as prescribed on your service charge notice will default to the ten year payment plan unless we are notified otherwise.

If you have not yet made a payment towards your PUPP account, you will be required to do so by 25 November 2014. After November 25, all outstanding PUPP accounts that are not subject to a payment arrangement will accrue interest at the prescribed penalty rate of 11%.

If you are experiencing hardship and will not be able to make a payment by this date, or if you require further information about payment plans, please call our Customer Service Team on 9186 8555 to discuss alternative arrangements.

Yours faithfully

Chris Adams  
CHIEF EXECUTIVE OFFICER

12 November 2014

<b>Assessment Number</b>	«Assess_No»
