To Whom it May Concern,

**RE: Monica Plane
Units 1 & 2 De Grey Place KARRATHA**

I the undersigned ratepayer of the City of Karratha wish to express my concerns over the proposed increase in the dollar value for the 2018/19 rates.

I feel that I have already contributed a substantial amount of money over the past years with the introduction of the PUPP payments.

Many of us are still paying off large loans and interest rates.

I feel that given the current climate the council needs to readdress their own spending and stop passing on the costs to the ratepayers all the time.

I believe that the proposed increase in the dollar value for the 2018/19 rates is unfair and poorly timed with many of us are still struggling. Many people have gone bankrupt in the past few years due to the recent price fall in property and the PUPP costs.

Last year when the council approved the purchase of the quarter, it was to reduce the financial struggle for ratepayers on their rates. What has happened to the money it has generated?

We voted in a new council because we wanted a change and we wanted a voice for the ratepayers and people of Karratha. Now is the time to listen to us, stand up and make a change.

Regards
Monica Plane
