Subject: ICR186008 - RV.10 - Rate Rises

Have just been informed of the COK's intention to raise rates despite local homeowners still reeling & trying to recover from the massive downturn we were subjected to after investing in the area & paying for the PUPP etc.

It is a deplorable act for the COK to sneak a rate rise at this time, trying to bleed more from the very people who have done the right thing by showing some belief & loyalty to this "City".

I object to the COK raising rates at this time & urge you to reconsider as an act of common decency to your rate paying constituents !
