I am a second generation family small business owner and our business Keyspot, has been operating for over 40 years in Karratha. During this time I have seen the town grow into what it is today, a vibrant and diversified place to live. I would like your vote to continue to represent the people of our city on Council and for the opportunity to contribute to the development of the well-being of our community. My wife Melissa and I enjoy raising our 2 children here, volunteering our time in Sporting and Community groups. If elected I would act with honesty and integrity, putting the interest of ratepayers and residents first. We need to continue to grow our City and I have a positive vision for the future. I am proud to call the City of Karratha home.
