My Name is George Levisianos and I have lived and worked in Karratha for almost 30 years. My Wife, children and grandchildren have also been an active part of our community.

Over the years our region has evolved from mainly mining to a liveable community that has family and lifestyle at the forefront of its focus.

If elected to council my primary objective will be to govern for all residents with integrity and honesty, taking into consideration the communities of Wickham, Roebourne, Dampier, Point Samson and of course Karratha.

We need a council that make decisions for the benefit of our mixed community and take into consideration the impact of its decisions.

I advocate fairness to all of our residents and use a simple rule of thumb.

Who will pay for it?

Who will benefit?

Who will it impact?

I would like to be part of that important decision making process by asking for your vote in the upcoming local government elections.

I am here to listen and advocate your voice.
